choices, our politics, and most importantly our identities - those things we most cherish about our communities, our families, our traditions, and our faith.

But I also know that human progress cannot be denied. There need not be contradiction between development and tradition. Countries like Japan and South Korea grew their economies while maintaining distinct cultures. The same is true for the astonishing progress within Muslim-majority countries from Kuala Lumpur to Dubai. In ancient times and in our times, Muslim communities have been at the forefront of innovation and education.

This is important because no development strategy can be based only upon what comes out of the ground, nor can it be sustained while young people are out of work. Many Gulf States have enjoyed great wealth as a consequence of oil, and some are beginning to focus it on broader development. But all of us must recognize that education and innovation will be the currency of the 21st century, and in too many Muslim communities there remains underinvestment in these areas. I am emphasizing such investments within my country. And while America in the past has focused on oil and gas in this part of the world, we now seek a broader engagement.

On education, we will expand exchange programs, and increase scholarships, like the one that brought my father to America, while encouraging more Americans to study in Muslim communities. And we will match promising Muslim students with internships in America, invest in on-line learning for teachers and children around the world, and create a new online network, so a teenager in Kansas can communicate instantly with a teenager in Cairo.

On economic development, we will create a new corps of business volunteers to partner with counterparts in Muslim-majority countries. And I will host a Summit on Entrepreneurship this year to identify how we can deepen ties between business leaders, foundations and social entrepreneurs in the United States and Muslim communities around the world.

On science and technology, we will launch a new fund to support technological development in Muslim-majority countries, and to help transfer ideas to the marketplace so they can create jobs. We will open centers of scientific excellence in Africa, the Middle East and Southeast Asia, and appoint new Science Envoys to collaborate on programs that develop new sources of energy, create green jobs, digitize records, clean water, and grow new crops. And today I am announcing a new global effort with the Organization of the Islamic Conference to eradicate polio. And we will also expand partnerships with Muslim communities to promote child and maternal health.

All these things must be done in partnership. Americans are ready to join with citizens and governments, community organizations, religious leaders, and businesses in Muslim communities around the world to help our people pursue a better life.

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new EPSON printer!

Here are some tips for getting great prints.

- Genuine EPSON inks have been engineered to deliver stable, long-lasting photographic quality when used with EPSON papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with EPSON printers and genuine EPSON ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Living Will

Last night my wife and I were sitting in the living room and I said to her, "I never want to live in a vegetative state, dependent on some machine and fluids from a bottle. If that ever happens, just puf the plug."

She got up, unplugged the TV and then threw out my beer.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

MFD FCOPY Test List

Here is a quick list of functions to test on FCOPY enabled MFD's

1) Create a Test Page in MS Word with the text "MFD = <Enter MFD Name here>". Use bold typeface and the largest font size that will fit on a single page. Use this page for outbound fax tests from the named MFD.
2) Press the FCOPY button on the MFD touch screen. Log into FCOPY with your NT Domain user ID and password.
3) Run a Scan To-Self test and send the Test Page from Step-1 to your e-mail box.
4) Run a Scan To-Mail test and send the Test Page from Step-1 to your e-mail box.
5) Use the iExpense feature within FCOPY to transmit Test Page from Step-1 to the iExpense mailbox.
6) Send the Test Fax from Step 1 to faxtray.net at 1-855-330 1239. Please review the inbound faxes at faxtray.net to confirm that the test fax sent was successfully received. It will appear as a small thumbnail image on the faxtray.net web page if sent successfully. If FaxTray.net does not show the correct test fax thumbnails, please send the test fax to another nearby MFD.
7) Dial the fax number from a touch-tone phone. Listen for the fax signal automated beeps. If they can be heard, proceed to Step-7 below. If you get a busy signal then the fax line may not be working correctly. Rerun this test in 10 minutes if the first test failed.
8) Send inbound fax from faxzero.com to the MFD being tested. Fill in all required fields on the faxzero fax form, especially the fax number. Please coordinate this with a second party if the sending PC is not at a nearby location. Please confirm that the fax is received at the device.

Please record the results below

Creating VBA Macros to Manipulate Worksheets in Excel 2007

Office 2007

Summary: Learn how to write Visual Basic for Applications (VBA) procedures in Microsoft Office Excel 2007 to automatically add and sort worksheets. Examine code to create and name worksheets, extend an existing procedure to work with multiple workbooks, and display a completed page.

Introduction

This article describes two scenarios that use VBA code to automate tasks in worksheets in Microsoft Office Excel 2007.

In the first scenario, the developer wants a user to add a worksheet to the workbook, type a name for the worksheet, and then have the new worksheet inherit the name of the current worksheet by using the properties value and then display all of the worksheets in the workbook by name.

In the second scenario, the developer wants a user to type a list of region names on a worksheet, plus additional information about each region. The developer wants that copies that information and creates a new workbook file for each region.

To access the commands that you need to create VBA code, the **Developer** tab must be visible in the Excel 2007 Ribbon user interface. If the **Developer** tab is not visible, use the following steps to display it.

1. Click the **Office Button** and then click **Excel Options**.

In the beginning was the Project, and then arose the Specifications. And the Project was without form, and the Specifications were void. And darkness was upon the faces of the Implementers And they spake unto their CSCI Leader, and their voices said,

"It is a crock of sh_ _, and it stinketh."

And the CSCI Leader went to the Chief Software Engineer, and he spake unto him saying,

"It is a crock of excrement, and none may abide the odor thereof."

And the Chief Software Engineer went to the Chief System Engineer, and he spake unto him saying,

"It is a container of excrement, and it is so strong that none may abide before it."

And the Chief System Engineer went to the Program Manager, and he spake unto him saying,

"It is a vessel of fertilizer, and none may abide its strength."

And the Program Manager went to the division Vice President, and he spake unto him saying

"It contains that which aids plant growth, and is very strong."

And the division Vice President went to the sector President, and he spake unto him saying,

"It promoteth growth, and it is very powerful."

And the sector President went before the Executive Board, and he spake unto them saying,

"This powerful new project will promote the growth of the company."

And the Executive Board looked upon the Project, and saw that it was good

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan.**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known

to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere

Imprimatur
Most Rev. George. W. Ahr
Bishop of Trenton

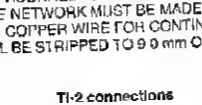
TI-2 Servicing Instructions

CAUTION: THESE SERVICING INSTRUCTIONS ARE FOR USE BY QUALIFIED SERVICE PERSONNEL ONLY. TO REDUCE THE RISK OF ELECTRICAL SHOCK, DO NOT PERFORM ANY SERVICING OTHER THAN THAT CONTAINED IN THE OPERATING INSTRUCTIONS, UNLESS YOU ARE QUALIFIED TO DO SO.

THIS DEVICE MUST BE INSTALLED BY QUALIFIED, TRAINED PERSONNEL. CONNECTIONS TO THE TELEPHONE NETWORK MUST BE MADE WITH #26 AWG SOLID COPPER WIRE FOR CONTINUED SAFETY. WIRE SHALL BE STRIPPED TO 9.0 mm OR 0.35".

TI-2 connections



The TI-2 utilizes spring clip type connectors. To assure reliable connections, the following steps should be followed:

1. Strip wire to 9.0 mm or 0.35".
2. Insert wire into connector hole.
3. Release wire.

Each of the TI-2's two independent phone lines has a separate pair of connectors. This allows one line to be disconnected for diagnostics or maintenance without disrupting the other. Each line FCC registered jack contains two TIP and two RING connections. The two TIP connections are electrically identical as are the two RING connections. Therefore, it is only necessary to connect one TIP and one RING connection to the telephone network. Any additional telephone sets on the line may be connected in parallel with the TI-2. When connecting the TI-2 in all cases, it is important to keep the wires as short as possible. Always use #26 AWG solid copper wire stripped to 0.35 inches (9.0 mm) for maximum safety.

Sharpen your pencil

Here's an array of `Elephant` objects and a loop that will go through it and find the one with the biggest ears. What's the value of the `biggestEarn Ears` **after** each iteration of the `for` loop?

```
private void button1_Click(object sender, EventArgs e)
{
  Elephant[] elephants = new Elephant[7];
  elephants[0] = new Elephant() { Name = "Lloyd",   EarSize = 40 };
  elephants[1] = new Elephant() { Name = "Lucinda", EarSize = 33 };
  elephants[2] = new Elephant() { Name = "Larry",   EarSize = 42 };
  elephants[3] = new Elephant() { Name = "Lucille", EarSize = 32 };
  elephants[4] = new Elephant() { Name = "Larn"   EarSize = 44 };
  elephants[5] = new Elephant() { Name = "Linda"  EarSize = 37 };
  elephants[6] = new Elephant() { Name = "Humphrey", EarSize = 45 };

  Elephant biggestEars = elephants[0];
  for (int i = 1; i < elephants.Length; i++)
  {
    if (elephants[i].EarSize > biggestEars.EarSize)
    {
      biggestEars = elephants[i];
    }
  }
  MessageBox.Show(biggestEars.EarSize.ToString());
}
```

We're creating an array of 7 Elephant() references.

Every array starts with index 0, so the first elephant in the array is elephants[0].

This line makes the biggestEars reference point at whatever elephant elephants[i] points to.

Be careful—this loop starts with the **second element** of the array (at index 1) and iterates one times until `i` is equal to the length of the array.

Iteration #1 biggestEars.EarSize = _____

Iteration #2 biggestEars.EarSize = _____

Iteration #3 biggestEars.EarSize = _____

Iteration #4 biggestEars.EarSize = _____

Iteration #5 biggestEars.EarSize = _____

Iteration #6 biggestEars.EarSize = _____

Answers on page 166.

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

Sharing Files

Sharing files with people from the iPad couldn't be simpler. Just press a button to email a link to the file, or copy the link to your clipboard and insert it anywhere, such as your favorite instant messaging app or a text message.

Favorites

When you mark a file as a 'favorite', the file automatically downloads and saves to your iPad for fast access and offline viewing. Sync to the latest version with the press of a button.

There's an app for that

You can use any of your favorite apps to view or edit the files in your Dropbox. Dropbox allows you to export your files to any app that can open them.

Galleries & Photo/Video Uploads

The Dropbox app automatically recognizes images in your Dropbox, and lets you view them as a photo gallery. Just find an image in the file browser, and touch it to enter gallery view.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one page fax to 1-855-330-1239 (a toll-free number in the United States). When it's finished transmitting, point your web browser to fax.fax — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero, this site lets you send faxes for free to any where in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

The Mysteries

The Apostles Creed

I believe in and I do believe Almighty, believe of Mother and sister I believe in James Christ, His only Son, our Lord. He was conceived, by the Image of the Holy Spirit and born of the Virgin Mary. He suffered under Pontius Pilate, was crucified, died and was buried. He descended to the dead. On the third day He rose again. He ascended into heaven and is seated at the right hand of the Father. He will come again to judge the living and the dead. I believe in the Holy Spirit, the Holy Catholic Church, the communion of Saints, the forgiveness of sins, the resurrection of the body, and the everlasting. Amen.

Our Father

Our Father, who art in heaven, hallowed be Thy name. Thy kingdom come. Thy will be done, on earth as it is in heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive those who trespass against us. And lead us not into temptation, but deliver us from evil. Amen.

Hail Mary

Hail Mary, full of grace, the Lord is with you, amongst are you among blessed is the fruit of your wombs Jesus. Holy Mary, Mother of God, pray for us blessed now and at the hour of our Amen. Amen.

Glory be

Glory be to the Father, and to the Son, and to the Holy Spirit. As it was in the beginning, is now, and ever shall be, world without end. Amen.

Hail Holy Queen

Hail, Holy Queen, Mother of mercy our life, our sweetness, and our hope. To you do we cry poor children of Eve. To you do we send up our sighs, mourning and lamenting in this valley of tears. Turn then, O most gracious advocate, your eyes of mercy toward us and after this our exile show unto us the blessed fruit of your womb, Jesus. O clement O loving O sweet Virgin Mary! Pray for us, O Holy Mother of God. That we may be made worthy of the promises of Christ.

ONLY TRUE FRIENDS & FAMILIES MUST GET THIS ITS MY INTENTIONS

The Luminous Mysteries

In hope John Paul II's Apostolic Letter entitled *Rosarium Virginis Mariae* dated October 16, 2002, he stated, "As a prayer for peace, the Rosary is ideal, and always has been, a prayer of and for the family."

"The family that prays together stays together. The Holy Rosary, by age-old tradition, has shown itself particularly effective as a prayer which brings the family together. Individual family members, in turning their eyes towards Jesus, also regain the ability to look one another in the eye, to communicate, to meet solicitously, to forgive one another and to see also happiness of love renewed in the Spirit of Christ."

"In return for the recitation of the family Rosary means filling daily life with very different images, images of the mystery of salvation: the image of the Redeemer the image of his most Blessed Mother. The family also relives the Rosary together reproduces something of the atmosphere of the household of Nazareth: its members place Jesus at the place, they share his joys and sorrows, they place their needs into their plans in his hands, they draw from him the hope and the strength to go on."

I PRAY TO BE PERFECT FOREVER FORWARD, NO PORNOGRAPHY, NO SMOKING, ETCETERA!

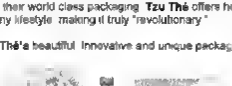
TZU THÉ
REVOLUTIONIZING THE GREEN TEA EXPERIENCE

Check out Booth #4448 at this year's Winter Fancy Food Show to find Tzu Thé's 100% Natural, EGCG Rich Green Tea, Nutrition Bars and Innovative Accessories

(Atlanta, GA)- This year the tea market reached a whopping 5.1 billion dollars in sales, inevitably leading to an immense amount of specialty gourmet supermarket, natural foods, and gift basket buyers trying to get their hands on a piece of the golden pie. However, what will truly make a tea stand out in this overcrowded market is not only quality, but versatility and convenience. When looking for such a tea look no further than **Tzu Thé at Booth #4448 at the NASFT Fancy Food Show in San Francisco.** With their world class packaging, **Tzu Thé** offers healthy, convenient and fashionable green tea products for any lifestyle, making it truly "revolutionary."

Tzu Thé's beautiful, innovative and unique packaging will draw the consumer's eye directly to the product on the shelves. **Tzu Thé** is the first green tea company to offer the single-serving T-POD™ filled with premium loose-dry green tea leaves, that are pesticide-free and packed full of EGCG[1]. These convenient individual tea pods make drinking green tea easy for consumers on-the-go. For even more convenience, **Tzu Thé** has introduced a line of accessories. The first is the T-Buddy™, a "Two Headed" portable tea bottle with a built in infuser that doubles as a tea mug and a tea pot for hot or cold beverages on the go. The second is T2-GO, a steeping device that snaps on to standard 12oz and 16oz roll paper cups.



Tzu Thé has also combined all the health benefits of green tea with the palatability and convenience of food bars, creating the innovative T-Bar™. The T-Bar™ is a raw, whole food, green tea nutrition bar that has been cold processed, promoting optimum enzyme activity. These vegan-friendly bars contain

[1] The most potent form of antioxidant, providing health benefits that **may** help to reduce risks of cancer and tumors, lower cholesterol, help with digesting excess fat, and even protect against the common cold virus.

Meke Your Own Chicken Lombardy this one showed up in my personal feed this morning and looked so amazing we had to share!

8 oz package(s) sliced fresh mushrooms
2 tablespoon(s) butter melted
6 skinned and boned chicken breasts
1/2 cup(s) all-purpose flour
1/3 cup(s) butter
3/4 cup(s) marsala wine
1/2 cup(s) chicken broth
1/2 teaspoon(s) salt
1/8 teaspoon(s) pepper
1/2 cup(s) shredded mozerella cheese
1/2 cup(s) parmesan cheese
2 green onions chopped

Preparation:
Cook mushrooms in 2 tablespoons butter in a large nonstick skillet over medium-high heat, stirring constantly, 3 to 5 minutes or just until tender. Remove from heat; set aside.

Cut each chicken breast in half lengthwise. Place chicken between 2 sheets of heavy-duty plastic wrap, flatten to 1/8 inch thickness, using a meat mallet or rolling pin.

Dredge chicken pieces in flour. Cook chicken in batches, in 1 to 2 tablespoons butter in a large nonstick skillet over medium heat 3 to 4 minutes on each side or until golden. Place chicken in a lightly greased 13 x 9 inch baking dish, overlapping edges. Repeat procedure with remaining chicken and butter. Reserving pan drippings in skillet. Sprinkle mushrooms evenly over chicken.

Add wine and broth to skillet. Bring to a boil; reduce heat, and simmer, uncovered, 10 minutes, stirring occasionally. Stir in salt and pepper. Pour sauce over chicken. Combine cheeses and green onions, sprinkle over chicken.

Bake uncovered at 450 degrees for 12 to 14 minutes until cheese melts.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully. It will automatically answer and spit out the test fax.

Here is some important information about public assistance programs.

- You have the right to ask for a hearing before a state hearings officer. You can bring with you or be represented at the hearing by a lawyer, relative, friend or anyone you choose. If you want a hearing, you must ask for the hearing by writing, calling the call center or coming into the office within 90 days from the mailing date at the top of this notice. If you ask for a hearing by the end of the last day of the month prior to the effective date of the adverse action, your benefits may continue at the prior level until the hearing decision. You will be responsible to repay any benefits continued if the hearing decision is not in your favor. If you need information about how to receive free legal advice, you can call the ACCESS Florida Customer Call Center toll free at 1-866-762-2237 for a listing of free legal agencies in your area.
- In accordance with Federal laws and State policy, the Department of Children and Families is prohibited from discriminating on the basis of race, color, national origin, sex, age, disability, religion, political beliefs or marital status.

For additional information about your case, you may access your personal information quickly and securely:

- through My ACCESS Account @ www.myflorida.com/accessflorida/ or
- by calling the ACCESS Florida Customer Call Center at (866) 762-2237

Information on other services that may be available to you can be found @ www.dcf.state.fl.us/programs/access/.

If you need free help obtaining child support, medical support, establishing paternity, or locating your child's parent, call the Child Support Enforcement Program at 1-800-622-KIDS (5437).

Other programs that may be of assistance to you:

Earn less than $ 53,267 in 2015 ? You may be eligible for an Earned Income Tax Credit up to $ 6,242. For more information on where to find free tax assistance in your area, call the IRS at 1-800-829-1040.

From today's featured article

E. W. Hornung (1866–1921) was an English writer and poet who wrote the A. J. Raffles series of stories about a gentleman thief in late Victorian London. After school in the UK, Hornung spent two years in Australia before returning to London. His first book to reach was published in 1890. His Australian experience strongly influenced his early writings. In 1898 he wrote The Amateur Cracksman, which introduced Raffles and his sidekick Bunny Manders; the characters were based in part on his friends Oscar Wilde and Lord Alfred Douglas, and also on Sherlock Holmes and Dr. Watson, the characters created by Hornung's brother-in-law Arthur Conan Doyle. The death of Hornung's son in the First World War brought an end to Hornung's writing, and saw him serve in France, where he ran a canteen and library and published a collection of poetry. After the war he wrote more poetry and, in memory of his son, a book. His young friend died in a later work, but the Raffles stories continue to be popular and have spawned numerous film and television adaptations. (Full article...)

Why Things Suck: Spam Filters

By Brendan I. Koerner 01.18.08

As any grizzled football coach will tell you, good defense beats a good offense. But that wisdom doesn't apply to the realm of spam, where porn peddlers and Nigerian hucksters routinely outwit the latest filtering software.

The most obvious problem is that it's simply not possible to update filtering software frequently enough to catch all of the spammers' multifarious innovations — disguising unsolicited messages by replacing the "i" in Viagra with a "1" or using images in lieu of text, for example. At the same time, an overly aggressive approach can be disastrous, trapping legitimate email as false positives.

One possible route to improvement, instead of focusing on suspicious content, consider the trustworthiness of the sources. Oscar Boykin, a computer engineering professor at the University of Florida, suggests that filters would work better with more widespread use of authentication systems, which make it harder for spammers to forge source addresses. Emerging standards like Sender ID and DomainKeys, for instance, verify that a message's sender and domain are legit.

Improved computer security would also help, since many of the messages we now receive are infected with malware. Yes, you can blame the porous Windows operating system for yet another of life's agonies — the constant flood of emails slugged "dehpdl Spacll" "cqrrasdqfh."

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1 855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fine web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

GIACOMO PUCCINI

LA BOHÈME

The most performed opera in Met history features a stunning young cast with Kristine Opolais as Mimì, Sonya Yancheva as Musetta, Jean-François Borras as Rodolfo, and Mariusz Kwiecien as Marcello

ACT I Paris, the 1830s. The rent-obstructive painter Marcello and poet Rodolfo live with their roommates Colline and Schaunard in a garret in the Latin Quarter. As he is unable to leave to celebrate Christmas at the Café Momus, Rodolfo stays home to write. He meets his pretty neighbor, Mimì, and the two fall in love at first sight. Back in town, they leave to join the friends.

ACT II At the café Marcello's former sweetheart, Musetta, makes a noisy entrance on the arm of her elderly but wealthy lover, Alcindoro, and, using Marcello's jealousy, Tumult ensues and Musetta, having sent Alcindoro away, finally falls into Marcello's arms.

INTERMISSION

ACT III A few weeks later. Mimì comes to see Marcello on the outskirts of Paris and tells him of her distress over Rodolfo's jealousy. She says it is best that they part. Rodolfo, on the other hand, wants to separate from Mimì because he thinks her coughing can only grow worse in the drafty they share and she will die from her illness. Mimì tearfully says goodbye to her lover. Overcome with emotion, the two decide to remain together until spring.

INTERMISSION

ACT IV Now separated from their girlfriends, Rodolfo and Marcello lament their loneliness. Musetta arrives with Mimì who is mortally ill. Left alone, Mimì and Rodolfo recall their first happy days. The others return, and there also, fainting, Rodolfo mentions Mimì.

JACQUES OFFENBACH

LES CONTES D'HOFFMANN

Tenor Vittorio Grigolo reprises the title role of the tortured poet in Offenbach's masterpiece. Thomas Hampson plays the Four Villains and Yves Abel conducts

PROLOGUE In a tavern, the poet Hoffmann, unhappily in love with the celebrated singer Stella, tells the story of the three past lovers...

ACT I The inventor Spalanzani has created a mechanical doll named Olympia. Hoffmann, who thinks she is Spalanzani's daughter, has fallen in love with her. At a ball, Olympia captivates the guests with a dazzling aria and dances with the enchanted Hoffmann. When Spalanzani's former partner, Coppélius, destroys the doll in a rage, Hoffmann is shocked to realize he has fallen in love with a machine.

INTERMISSION

ACT II Antonia, whose mother was a famous singer, has a weak heart and knows that singing will endanger her life. Hoffmann, who loves her deeply, has to speak it up, but when the charlatan Dr. Miracle conjures up the voice of his mother, Antonia can't resist—she sings until she falls dead.

INTERMISSION

ACT III Giulietta, a Venetian courtesan, is hired by the sorcerer Dapertutto to steal Hoffmann's reflection for him. She seduces Hoffmann into confessing his love and leads him on with promises of a rendezvous. After killing Giulietta's previous lover in a duel, Hoffmann finds her in the arms of another man.

EPILOGUE Stella arrives in the tavern and, finding Hoffmann drunk, leaves with Hermia, the wealthy Lindorf. Hoffmann's Muse tells the poet to find consolation in his muse

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

HACKERS CAN TURN YOUR HOME COMPUTER INTO A BOMB

. . . & blow your family to smithereens!

By RANDY JEFFRIES

WASHINGTON — Right now computer hackers have the ability to turn your home computer into a bomb and blow you to Kingdom Come — and they can do it anonymously from thousands of miles away.

Experts say the recent revelations that parasites in the Amazon.com Bookstore and gift Websites are large compared to what will happen in the near future.

Computer guru Arnold Yobaston, president of the Washington-based consulting company Yobaston & Yobaston Consultants INCTP, warned that a computer crime is committed every time someone logs on to the Internet.

The criminals who exploited our three major online businesses are the best of the worst," Yobaston told Weekly World News.

"There are both good and evil computer hackers, and those who have developed technologies that the average person can't even imagine. Even people who are familiar with computer lingo don't realize the destructive power that is at the fingertips of these criminals.

"Some computers with bad trouble spelling their words assume the terrorist's name and spell it correctly. It is already possible for an evildoer to send someone an e-mail message with an innocent looking attachment that, when received, downloads the attachment, the individual opens it and malevolent structure of the original program that is altered automatically runs those agent codes and begins to destroy and eventually

Sickos can wreak death and destruction from thousands of miles away!

Arnold Yobaston.

Kaboom! Terrorists can hack into your computer and turn it into a deadly weapon

INTRODUCTION TO REVISED APPLICATION (responses to critiques).

We thank the reviewers (R1, R2 and R3) for appreciating the proposed research, their helpful critiques have enabled us to submit a very strong revised application. The revised application is submitted by two principal investigators (Aiyar, Kelly), a change that has strengthened the resubmission and emphasized its innovative and collaborative approaches. Additional preliminary data supporting the revised specific aims are included in the resubmission. Minor changes in the revised proposal are marked *thus* and major changes are marked ***thus*** below, for brevity and clarity, we have responded to the reviewers critiques by section

SIGNIFICANCE ***Relevance of mammalian models to Leishmania biology (R1, R2, R3):*** Recent studies reveal significant changes in gene expression between *Leishmania* promastigote and amastigote stages and between log phase promastigotes and infectious stationary phase metacyclics. Concurrently there are changes at specific AT-rich strand switch regions used for transcription initiation, including histone acetylation and recruitment of transcription machinery similar to the modulatory mechanisms employed by metazoan AT-hook proteins to regulate chromatin structure and gene expression. In addition over-expression of histone H1 that binds AT-rich DNA, represses gene expression in mammalian cells and *Leishmania*. Repression is also observed when *Leishmania* H1 is expressed in mammalian cells. Thus at least one *Leishmania* chromatin binding protein functions equivalently in metazoan cells, indicating that fundamental properties of conserved chromatin associated proteins are preserved between metazoans and *Leishmania*. Therefore it is reasonable to test models for the function of *Leishmania* AT-hook proteins based on observations made in other eukaryotes ***Knock out of LmjF06.0720:*** R1, R2 and R3 expressed concerns that it may be impossible to knock out LmjF06.0720. We concur: new experiments presented in the preliminary data indicate that AT-hook proteins are critical to *Leishmania* survival. Therefore Specific Aim 1 has been re-written completely and is no longer dependant on a knockout ***Relatedness of Aims 1 & 2, raised by R3:*** The revised application describes how results from Aim 2 may reveal novel properties of LmjF06.0720 using our recent observations on a metazoan AT-hook protein as a precedent (EMBO J. 27:3024-2008)

INVESTIGATORS ***Productivity of Principal Investigators:*** After joining LSUHSC in 2007 **Dr. Kelly** had acquired impressive amounts of preliminary data relevant to the proposed studies that are already submitted for publication. He has presented data at three international conferences this year. His reputation as a parasitologist is indicated by serving as an Associate Editor for PLoS Neglected Tropical Diseases and PLoS ONE. **Dr. Aiyar's** research was severely impacted by Hurricane Katrina due to the loss of critical biological materials. These reagents were reconstructed from 2005-2008, since then Dr. Aiyar's group has published five manuscripts including three on AT-hook proteins in EMBO J., J. Virology and PLoS Pathogens and one on retron plasmids in Virology J. An additional manuscript is currently in press and two others are submitted. Dr. Aiyar's knowledge of trypanosomatid nuclear biology acquired over the last year is reflected in the revised proposal. *To mitigate the effect of natural disasters, now both investigators bank reagents at other institutions*

INNOVATION. ***R3's concerns that Aim 1 mirrors approaches used for other AT-hook proteins:*** With respect we emphasize that using robust established approaches to investigate unexplored areas of *Leishmania* biology in Aim 1 should engender confidence in our ability to successfully complete the proposed aims. Further these approaches continue to reveal novel functions of metazoan AT-hook proteins such as a recently described role in cell-cycle controlled DNA replication (EMBO J. 27:3024-2008). Therefore key differences in the biology of AT-hook proteins between *Leishmania* and mammalian cells revealed by our studies cannot be ascribed merely to differences in methodologies. *permitting them to be examined confidently as novel therapeutic targets.* Finally an innovative peptidomimetic is used to study LmjF06.0720 in Aim 1c

APPROACH **1)** R1, R2, R3 have raised ***concerns about knocking out*** LmjF06.0720 that are addressed above. **2)** ***Experimental caveats and multiple alternative approaches*** are described alongside each sub-aim of the revised proposal. **3)** Concerns of R1 & R3 about ***relevance of AT-hook function in metazoans to Leishmania*** are addressed above under 'Significance' and in the revised proposal's Background section

ENVIRONMENT: R3 is concerned about the ***intellectual environment for Dr. Kelly at LSUHSC.*** Dr. Kelly interacts extensively with other parasitologists at Tulane and has joint lab meetings with LSUHSC investigators studying the pathogenic eukaryotes *Candida, Cryptococcus* and *T. cruzi*. Drs. Aiyar & Kelly interact daily with joint group meetings every fortnight. They meet regularly with other molecular biologists at LSUHSC and Tulane. Recent publications by Dr. Aiyar in highly-cited journals should further allay concerns that the intellectual environment at LSUHSC is not conducive to productive research of high quality

BIOHAZARDS: As requested by R2 & R3 the revised proposal describes biohazards and their safe handling

RESOURCE SHARING PLAN: The inappropriate omission of a resource sharing plan noted by R2 & R3 is rectified in the revised proposal.

Marrow Donor Registry Drive,
Ages 18 to 44

Date: **Saturday, April 26th**

Time: **10am to 2pm**

Location:
Old Brown LDS Church
1200 E Battlecreek Dr.
Pleasant Grove, Utah

Logan Beardall

I am holding a Marrow Registry Drive as my Eagle Scout Project because this is the second time my sister has had cancer, I saw how much my sister relied on other people to survive. Giving her numerous bags of blood thousands of platelets, and now a bone marrow transplant. I was just thinking about how if no one would have donated their blood, then Michaila wouldn't have been able to survive. So since so many generous strangers would do that for my sister I wanted to do it for anyone else who is struggling through the same problems she is going through, and help them out by making a bone marrow transplant, a little easier for people who are already going through a lot right now.

Choose the Right Personal Flotation Device (PFD)

This package contains a Flotation Aid (Type III PFD).
Other available types are described below.

A Flotation Aid (Type III PFD) is:

- Designed for conscious people in calm to rough water
- Available in a variety of styles
- Comfortable, many sizes for good fit

Intended Uses

- Offshore and inshore activities, including sailing, where the chance of falling overboard is likely, but rescue is relatively prompt
- Use by people who want the comfort and mobility of a vest

Advantages

- Should be worn like a vest or jacket
- Comfortable for long periods of wear
- Available in bright colors, so you can be easily spotted in the water

Disadvantages

- May not have enough flotation for some users or for heavy clothing
- Not for use by children, non-swimmers, unconscious persons, or those who have difficulty turning themselves face up in the water
- Not for use by persons in rough water

Reproduction of this material is encouraged. Please credit the U.S. Coast Guard.

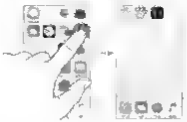
Customize iPhone

Arrange your apps

Arrange apps. Touch and hold any app on the Home screen until it jiggles, then drag apps around. Drag an app to the edge of the screen to move it to a different Home screen, or to the Dock at the bottom of the screen. Press the Home button to save your arrangement.



Create a new Home screen. While arranging apps, drag an app to the right edge of the last Home screen. The dots above the Dock show how many Home screens you have and which one you're viewing.

You can also customize the Home screen using iTunes. When iPhone is connected to your computer in iTunes, select iPhone, then click Apps.

Start over. Go to Settings > General > Reset, then tap Reset Home Screen Layout to return the Home screen and apps to their original layout. Folders are removed and the original wallpaper is restored.

Organize with folders

Create a folder. While arranging apps, drag one app onto another. Tap the name of the folder to rename it. Drag apps to add or remove them. Press the Home button when you finish.

You can have multiple pages of apps in a folder.

Delete a folder. Drag out all the apps—the folder is deleted automatically.

Electronically Signed by Natarajan Asokan

Whitegloves Janitorial Service was started 2 years ago by Nancy Kohl. Because business has been exceptionally good, Nancy decided on July 1, 2010, to expand operations by acquiring an additional truck and hiring two more assistants. To finance the expansion, Nancy obtained on July 1, 2010 a $25,000 10% bank loan, payable $10,000 on July 1, 2011 and the balance on July 1, 2012. The terms of the loan require the borrower to have $10,000 more current assets than current liabilities at December 31, 2010. If these terms are not met, the bank loan will be refinanced at 15% interest. At December 31, 2010, the accountant for Whitegloves Janitorial Service Inc. prepared the balance sheet shown on page 195.

Nancy presented the balance sheet to the bank's loan officer on January 2, 2011, confident that the company had met the terms of the loan. The loan officer was not impressed. She said, "We need financial statements audited by a CPA." A CPA was hired and immediately realized that the balance sheet had been prepared from a trial balance and not from an adjusted trial balance. The adjustment data in the balance sheet data contained the following.

1. Journal but unbilled janitorial services were $3,700.
2. Janitorial supplies on hand were $2,500.
3. Prepaid insurance was a 1 year policy, dated January 1, 2010.
4. December expenses incurred but unpaid at December 31 $500.
5. Interest on the bank loan was not recorded.
6. The amounts for property, plant, and equipment presented in the balance sheet were reported net of accumulated depreciation (cost less accumulated depreciation). These amounts were $4,900 for cleaning equipment and $5,000 for delivery trucks as of January 1, 2010. Depreciation for 2010 was $2,000 for cleaning equipment and $5,000 for delivery trucks.

Adjusting Journal Entries

1. **Dr- Accounts receivable - $3,700 | Cr- Revenue - $3,700**
2. **Dr- Supply Expense | $2,700 | Dr- Janitorial Supplies - $2,700**
3. **Dr- Insurance Expense - $1,600 | Cr- Prepaid Insurance - $1,600**
4. **Dr- Accrued Expense - $500 | Cr-Accounts Payable-$1,600**
5. **Dr-Interest Expense - $1,250 | Dr- Interest Payable - $1,250**
6. **Dr- Depreciation Expense- $7,000 | Cr- Cleaning Equipment -$2,000 Cr-Delivery Trucks -$5,000**

Total current assets $ 24 900

Total current liabilities $14,250

= $10,650

The terms of the bank loan was met, because the current assets are $10,000 more than the current liabilities.

Men are like

Men are like department stores : their clothes should always be half off

Men are like vacations : they never seem to be long enough

Men are like computers : hard to figure out and never have enough memory

Men are like coolers : load them with beer and you can take them anywhere

Men are like chocolate bars : sweet, smooth and they usually head right for your hips

Men are like coffee : the best ones are rich, warm and can keep you up

Men are like horoscopes : they always tell you what to do and are usually wrong

Men are like plungers : they spend most of their lives in a hardware store or in the bathroom

Men are like cement : after getting laid they take a long time to get hard

Q. Why are men like lawnmowers?
A. They irritate the shit out of you

Q. Why did God create man?
A. Because vibrators can't mow the lawn

Q. What are two reasons men don't mind their own business?
A. No mind, no business

Q. How are men and parking spots alike?
A. The good ones are taken and what's left is handicapped

Q. Why is it hard for a woman to find men who are sensitive caring and good looking?
A. Because those men already have boyfriends

Q. How is a man like a snowstorm?
A. You never know when he's coming how many inches you'll get or how long it will last

Q. Why are men given larger brains than dogs?
A. So they don't hump woman's legs at cocktail parties

Q. Why can't men get mad cow disease?
A. Because they are all pigs

Our Father which art in heaven
hallowed be thy name,
thy kingdom come;
thy will be done
on earth as it is in heaven
Give us this day our daily bread.
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil.
[For thine is the kingdom,
the power, and the glory,
for ever and ever.]
Amen

Click the **Delete Marquee** button or press the **Delete** key on your keyboard to remove the currently active marquee.

Note

To delete all of the marquees, click the **All** button and then click the **Delete Marquee** button.

Duplicate Marquee button

Click the **Duplicate Marquee** button to create a marquee the same size as the currently active marquee. The duplicate marquee can be moved to a specific location.

Auto Locate button

Clicking the **Auto Locate** button automatically adjusts the size of a marquee to the size of an image. When there are multiple images, the Auto Locate feature works for all marquees that are currently activated.

Number of Marquee Indicator

Shows the total number of marquees currently in the Preview window.

All button

Click this button to activate all marquees.

Note

You can also select multiple marquees by clicking the marquees while holding down the **Ctrl** key (Windows) or **shift** key (Macintosh) on your keyboard.

Auto Focus/Manual Focus

Note:

These buttons only appear for scanners that have an adjustable focusing mechanism.

Auto Focus button

Click the **Auto Focus** button to automatically adjust the focus position. When clicking the button, the current focus position value is indicated in the Focus Position Indicator. This is especially useful when using special types of films like negatives or positives, because the scanner adjusts the focus to make up for the extra distance between the film and the scanner's document table.

Manual Focus button

Click the **Manual Focus** button to open the Focus dialog box where you can make focus position adjustments. For details, see Focus Dialog Box.

Dual Focus selection button

Click the **Dual Focus selection** button to select a focus position of either 0.0 or 2.5.

Densitometer

Click the **Densitometer** button to open the Densitometer window, which indicates values for the RGB (red, green, blue) and luminosity properties of the sampled pixels in the Preview.

5 Term of Authorization

☐ Authorization should expire (end) on _____ / _____ / _____
(month) (day) (year)

OR

☐ Upon the following event: _____

NOTE: I understand that if I fail to specify an expiration event date or specific event, this authorization will remain in effect until I revoke (cancel) it in writing or 24 months from the date that I signed this form, whichever is earlier.

6 Conditions of Authorization

I understand that:

- The information disclosed under this authorization may be subject to redisclosure by the recipient and no longer protected by state and federal privacy laws.
- I have the right to revoke (cancel) this authorization at any time and that the revocation (cancellation) must be in writing and sent to the address listed on this form.
- Any revocation (cancellation) will become effective as soon as my plan receives my written notice. I understand that the revocation will not affect any action taken by my plan in reliance on the authorization prior to receiving my written notice of revocation.

I may refuse to sign this authorization. My plan will not condition my enrollment, eligibility for health benefits, or my payment of the premium on my decision to sign this authorization or not sign this authorization.

- If I am authorizing the release of HIV/AIDS-related, alcohol or drug treatment, or mental health treatment information, the recipient is prohibited from disclosing such information or using the disclosed information for any other purpose without my authorization unless permitted to do so under federal or state law. If I experience discrimination because of the redisclosure of HIV/AIDS-related information, I may contact the New York State Division of Human Rights at 1-888-392-3644. The attorney is responsible for protecting my rights.

7 Signature Required:

I have read and understood the terms of this authorization. I have also had a chance to ask questions about how my health information will be used and disclosed. By signing this authorization, I am attesting that to the best of my knowledge all information provided on this form is complete, accurate and consistent with my directions. I hereby give my signature on file as the terms for accessing the use and disclosure of my health information in the manner described in this form.

Signature of Member: _____ Date: _____

NOTE: The signature of the member or his or her personal representative (someone who has legal authority to act on the member's behalf) is necessary. A parent may sign for a minor dependent child.

Signature of Personal Representative: _____ Date: _____

☐ Parent ☐ Legal Guardian* ☐ Power of Attorney* ☐ Other* _____

*Provide documentation supporting your legal authority to act on the member's behalf.

To change the overall look of your document, choose new Theme elements on the Page Layout tab. To change the looks available in the Quick Style gallery, use the Change Current Quick Style Set command. On the Theme gallery and the Quick Styles gallery, provide reset commands so that you can always restore the look of your document to the original contained in your current template. On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document. You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. When you create pictures, charts, or diagrams, they also coordinate with your current document look.

transfer of user data between source and destination end stations, via MA_UNITDATA request primitives and corresponding MA-UNITDATA indication primitives issued at MAC Service access points. Each MA_UNITDATA request and indication primitive has four parameters: Destination Address, Source Address, MAC Service data unit (MSDU), and Priority.

The style of Bridge operation maximizes the availability of the MAC Service to end stations and assists in the maintenance of the network. It is therefore desirable that Bridges be capable of being configured in the network:

a) So as to provide redundant paths between end stations to enable the network to continue to provide the Service in the event of component failure (of Bridge or LAN).
b) So that the paths supported between end stations are predictable and configurable given the availability of network components.

The operation of Bridges supports the protection of the MAC Service only to devices that are authenticated and authorized for such use. Unauthorized devices may be denied access to the network, other than as necessary to support the protocol exchanges that are required by any authentication process that is supported.

NOTE—Authentication and authorization to access a LAN may be achieved by administrative or management mechanisms, or by means of an active authentication mechanism, such as is defined in IEEE Std 802.1X.

6.2 Preservation of the MAC service

The MAC Service offered by a network consisting of LANs interconnected by Bridges is similar to that offered by a single LAN (see 6.3).

a) Frames transmitted between end stations carry the MAC Addresses of the peer-end stations in their destination and source address fields, not an address of a Bridge. The Bridge relay is not directly addressed by communicating end stations.
b) The MAC Addresses of end stations are not revealed by the network's topology or configuration.
c) All MAC Addresses need to be unique within a VLAN and with any set of VLANs for which filtering information is shared by a Bridge.

6.3 Quality of service maintenance

6.3.1 Service availability

Service availability is measured as that fraction of some total time during which the MAC Service is provided. The operation of a Bridge can increase or lower the service availability.

The service availability can be increased by automatic reconfiguration of the network in order to avoid the use of a failed component (e.g., repeater, cable, or connector) in the data path. The service available can be lowered by failure of a Bridge, through denial of service by the Bridge, or through Frame filtering by the Bridge. Changes in topology caused by component failures, the addition or removal of components, or by administrative changes, are detected and signaled by the following means:

a) Physical detection of component failure and signaling of that failure by the Enhanced Internal Sublayer Service (6.6 and 6.7).
b) Detection of component failure through the operation of a spanning tree algorithm and protocol.
c) Explicit signaling of reconfiguration events through the operation of a spanning tree algorithm and protocol.

MAJOR FACTORS

1 Deterioration

This factor was given to those buildings (and their corresponding parcels) where interior and/or exterior deterioration of buildings could be documented through surveys or interviews. Examples of the building deterioration observed in the field are structural cracks, spalling brick surfaces, wavy roofs, rotting window frames, holes in soffits, cracked and leaning porch steps, and broken windows. The two largest housing developments in the RPA, Parkway Gardens and Grove Parc Plaza Apartments, suffer from interior deferred maintenance and antiquated internal systems. Interviews with property managers revealed problems with older heating and cooling systems, fire hazards in trash chutes, and inoperable elevators.

Deterioration of public improvements is also evident throughout the West Woodlawn RPA. Many of the streets and sidewalks, and nearly all of the alleys in the RPA exhibit some level of deterioration.

Overall, 1,148 of the 2,284 parcels (50 percent) are affected by some level of deterioration. Surface area deterioration (such as alleys, streets and sidewalks) affects 579 parcels (25 percent) within the RPA while 757 parcels (33 percent) exhibit building deterioration. Deterioration was deemed to be present to a meaningful extent on a given block if 50 percent or more of its parcels exhibited at least one type of deterioration. One or both of these types of deterioration is present to meaningful extent on 35 blocks (55 percent) within the RPA.

2. Inadequate Utilities

A review of the City's water and sewer atlases found that inadequate underground utilities affect 1,916 (or 84 percent) of the 2,284 tax parcels in the West Woodlawn RPA. This is due primarily to the number of antiquated sewer lines in the RPA, many of which were installed prior to 1909. These lines have surpassed their 100-year service lives and are in need of replacement or have been deemed inadequate by the City's water department.[1]

The inadequate utilities factor was deemed to be present to a meaningful extent on a given block if 50 percent or more of its parcels exhibited the factor. Due to the age and condition of the sewer and water lines, inadequate utilities was found to be present to a major extent on 56 (or 88 percent) of the 64 blocks within the West Woodlawn RPA.

3. Presence of Structures Below Minimum Code Standards

Relying on data provided by the City's Department of Buildings, 907 structural code violation citations were issued for 130 separate property addresses within the West Woodlawn RPA between January 2002 and July 2009. Analyzed on a block basis, buildings below code affect 32 of the 64 blocks (50 percent) of the blocks within the RPA. Structures below code standards indicate that a building is in a current state of non-compliance and could potentially fall into

[1] The City of Chicago Department of Water Management defines the projected service life as 100 years.

Waiver of 60-Day Rollover Requirement

Rev. Proc. 2016-47

SECTION 1. PURPOSE

This revenue procedure provides guidance concerning waivers of the 60-day rollover requirement contained in §§ 402(c)(3) and 408(d)(3) of the Internal Revenue Code ("Code"). Specifically, it provides for a self-certification procedure (subject to verification on audit) that may be used by a taxpayer claiming eligibility for a waiver under §§ 402(c)(3)(B) or 408(d)(3)(I) with respect to a rollover into a plan or individual retirement arrangement ("IRA"). If provides that a plan administrator, an IRA trustee, custodian or issuer ("IRA trustee") may rely on the certification in accepting and reporting receipt of a rollover contribution. It also modifies Rev. Proc. 2003-16, 2003-4 I.R.B. 359, by providing that the Internal Revenue Service may grant a waiver during an examination of the taxpayer's income tax return. An appendix contains a model letter that may be used for self-certification.

SECTION 2. BACKGROUND

.01 Sections 402(c)(3) and 408(d)(3) provide that any amount distributed from a qualified plan or IRA will be excluded from income if it is transferred to an eligible retirement plan no later than the 60th day following the day of receipt. A similar rule applies to § 403(a) annuity plans, § 403(b) tax-sheltered annuities, and § 457 eligible governmental plans. See §§ 403(a)(4)(B), 403(b)(8)(B), and 457(e)(16)(B).

.02 Section 401(a)(31) requires that a plan qualified under § 401(a) provide for the direct transfer of eligible rollover distributions. A similar rule applies to § 403(a) annuity plans, § 403(b) tax-sheltered annuities, and § 457 eligible governmental plans. See §§ 403(a)(1), 403(b)(10), and 457(d)(1)(C). Section 1.401(a)(31)-1, Q&A-14 provides examples of situations in which a plan administrator may reasonably conclude

Pastor Carmin Cabrera began serving the Lord at the age of 16 after she accepted the Lord Jesus Christ with her teacher Yrye Avila who was teaching biology at that time. Soon after, she would visit the sick in the hospitals and prisons with her teacher and Evangelist Yrye Avila. Even though she did not get the support from her family to serve the Lord, she received the encouragement to continue to serve Him when one day in the middle of the night, Jesus himself appeared to her in her bedroom and carried her in His arms. This experience was enough to help her make the commitment to serve Him all the days of her life. She started her own full time ministry in the city of Hatillo, Puerto Rico. She also started other churches in and outside Puerto Rico. Her first church outside Puerto Rico was in the Dominican Republic and from there she opened other churches in Haiti, Venezuela, and the United States. In the 30 plus years of being in the ministry she has started over 25 churches and founded the first television channel in the region of Arecibo, Puerto Rico which has an international coverage. In 2005 she obtained her Doctorate in Divinity from the University Vision International in Dallas, Texas. Today she is the founder and overseer of the Mission Evangelistic Church in Hatillo, Puerto Rico where her son and daughter are her assistant pastors. She is also the President of the television Channel WIMN 36 and President of Jesus Is Lord Christian Academy. Furthermore, she has counselled politicians at the international level, she is a conference speaker in many churches, and has been the main speaker at the Full Gospel Businessmen International in all Latin America bringing the message of "Raising the Kingdom of God by Conquering through Spiritual Warfare "

I will admit, I was curious. I am always down for learning new tips and tricks to keep myself and my family healthy and happy, however. It only took a few minutes to realize exactly how dangerous what this woman was promoting was. This wasn't a simple antioxidant drink, or vitamin supplement. This was a recipe for disaster. Jillian's "juice" is an extremely dangerous fad that could have permanent and even lethal consequences, advertised as a cure-all.

Hello New Members
I have a protocol to reverse 100% all of your health issues from A Z forever vaccinated or not!! Even if you were never vaccinated you still were given the Candida/Cancer with virus microbes which trigger allergies eczema and a low immune system from your parents not to mention heart valve issues etc My book is going to expose the holistic industry the allopathic industry the vaccine industry biotech Academia role in brainwashing the world and the human genome project government organization allowing them to data store all DNA sequences to find ways to target your body at the cellular level more efficiently and make money off your entire family and friends I am going to come up against your beliefs, paradigms and culture even though you just left the western medical industry and switched to the "holistic industry" I circle outside of those two schools of thought the Holistic Industry/ Supplements Industry which are two sides of the same coin managing illness via the lab or a bastardized form of mother nature
Your friends need a basic foundation to work

Invite: ZoomRx Survey - Earn $100 for a 30-Minute Survey on CLL

I can attest that ZoomRx surveys are easy to complete and the compensation is very generous!
Jack Goldberg, MD
Chief, Division of Hematology and Medical Oncology, Penn Presbyterian Medical Center

Hello Dr zrxlastname

You are invited to join a select group of Hematologists and Oncologists in sharing your experiences and opinions on **CLL (Chronic Lymphocytic Leukaemia)** through the ZoomRx market research surveys

Research Details.

- Survey Duration - 30 Minutes
- Complete survey on your **iPad/smartphone**
- Earn **$100** - Instant **payment** through PayPal (or Check)

Getting Started takes less than 2 minutes.

- Download the ZoomRx app on your iPad/smartphone
  - Search for "ZoomRx" in Apple or Android App Stores to download the app.
- Use following Invite Code to start the survey

Ripple & Noise Specs and Measurements

AC-DC power supply and DC-DC converter datasheets should always include always "Ripple & Noise" specifications. The Ripple & Noise spec is sometimes referred to as Periodic And Random Deviations or PARD. The following drawing shows how ripple and noise may look when viewed on an oscilloscope that is connected to the output of a switch mode/switch power supply.

The output "Ripple" frequency is normally determined by the switching frequency of the power supply. The higher frequency "Noise" levels are generated by the fast rise and fall times of the pulses associated with the switching and oscilloscope components of the power supply. Typical ripple and noise parameters defined as peak-to-peak measurements in mV units.

Power & 20MHz Measurements

Unfortunately, there is no universally accepted method for measuring ripple and noise. It should that each manufacturer, and sometimes related products from the same manufacturer, may have varying methods for these measurements. In some cases the bandwidth of the test oscilloscope is defined as either or 150kHz to address, added components, such as capacitors, resistors, twisted wires, and/or coax are sometimes required in the test set-ups that are defined by the manufacturer. In order to meet the power supplier's specified ripple and noise specs, care must be taken to follow the manufacturer's defined test set-up. There are a few standardized attached for ripple and noise measurements, one of which is the JEITA-RCR1131A standard

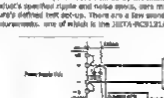

Fig 1 JEITA-RCR1134 Ripple & Noise Test Set-Up

The above drawing (fig 1) shows the test set-up per JEITA-RCR1131A. This standard defines a defined oscilloscope connection comprised of a length of 50 ohm coax that is connected to the output of the power supply with the other end terminated at the power with a 10 ohm defined in series with a 47nF capacitor in parallel. Notice that the coax is attached to the output of the power supply within 150mm ± 6 inches of the battery terminals and has two added capacitors (22uF electrolytic and 0.47uF film type) soldered across these points. The 50 ohm coax should not exceed 2.36ft or 5 feet in length. All coax leads and added components lead lengths should be kept to a minimum to prevent pick-up of radiated noise.

20MHz Measurement Precautions

Some ripple and noise measurements can be made with the use of a accepted oscilloscope probe/cable that has been modified by removing the plastic tip cover and ground clip wire and replacing the ground connection with a short length of bare copper wire that is soldered to the probe's ground ring. In this way the probe's tip and ground connection are kept to a minimum lengths thereby keeping the defined of the former lead being an antenna and picking up radiated noise signals, which can result in out-of-spec measurements.

UNSUNG HEROES OF HEALTHCARE REFORM #6,129,123

The morning for reasons that are PERSONAL and MINE I wound up watching "I, Borg," the 1992 episode of *Star Trek: The Next Generation* in which the crew picks up a wounded Borg and nurses him back to health. After they name him Hugh, he becomes friends with Geordi, and over the course of several ordeals about humans' individuality and friendship he learns to use the word "I" and contradicts that resistance is ... ineffable?"

(So it's basically just another example of a lovable race being exposed to Lesser Human and deciding that he seems like a super-nice guy ... and why do we dislike them, again?)

But consider the following chain of events:

1. The deprogramming of Hugh from collective Borg to individual "I" in this episode sets the precedent for the 1997 introduction of Seven of Nine, the ex-Borg crew member on *Star Trek: Voyager*.
2. The 1997 casting of Jeri Ryan as Seven of Nine surely changed the course of her 1999 divorce from Illinois politician Jack Ryan.
3. In 2004, Jeri Ryan sought to replace retiring Republican Senator Peter Fitzgerald, and won the Republican primary but withdrew from the race after details of his divorce were made public, including a bunch of stuff about maybe trying to pressure his wife into swinging in public SAM: "We did go to one avant-garde nightclub in Paris," he said, "which was more than either one of us felt comfortable with." (When in doubt, blame the and and the French, they're just freaky like that.)
4. He withdrawal left one Barack Obama running ten-ishly unopposed, except by Alan Keyes (who Alanna's mom because c'mon, Alan Keyes).
5. You can take it from there.

So after the fashion of the butterfly that flaps its wings and causes a hurricane on the other side of the globe | — as someone who looks forward to one day purchasing fuller health coverage on a standardized exchange — would like to say HUGOS TO YOU, HUGH THE ADOLESCENT BORG WHO LEARNED TO SAY "I," for your hand in this historic reform.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts formatting, colors and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file All you need is the free Adobe Acrobat Reader Recipients of other file formats sometimes can t open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device
- PDF files always display ***exactly*** as created, regardless of fonts software and operating systems Fonts and graphics are not lost due to platform software and version incompatibilities
- The free Acrobat Reader is easy to download and can be freely distributed by anyone
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Prayer to St Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord: so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath St. Joseph Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known

to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ In 1500's it was sent by the Pope to Emperor Charles when he was going into battle

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere

Imprimatur

DES MOINES — Mitt Romney sought to convert his tentative standing atop the polls into a first-place finish in the caucuses here, telling Iowans on Sunday that he had the "capability to go the full distance" against President Obama, as his rivals beseeched voters not to settle on a candidate lacking full commitment to their conservative values

Just as confidence had been rising among Mr. Romney and his aides that they could pull off a win here on Tuesday night, they were faced with a new challenge from Rick Santorum, who emerged as the latest in a rotating cast of surging alternatives, ebullient about his rising standing in the polls and support from excited crowds on Sunday in Sioux City and Rock Rapids.

"Don't put forward somebody who isn't good enough to do what's necessary to change this country," Mr. Santorum, a former Pennsylvania senator, said at a town-hall-style meeting in Sioux City, feeding off his new status as a real contender here. "Put forward someone that you know has the vision, the trust, the authenticity, the background, the record to make that happen."

Still decidedly in the mix was Ron Paul, a libertarian-leaning congressman from Texas, whose dedicated followers could still propel him into the lead on Tuesday night and in the nominating contests that will unfold in the coming months.

Even though the Republican race remained fluid, the Democratic Party stepped up its involvement in the opposing contest, and several aides to the president's re-election team arrived here to open a war room at a downtown hotel. The prime target was Mr. Romney.

They held a news conference to highlight Mr. Romney's record as chief executive of the private equity firm Bain Capital, introducing an Indiana worker who was laid off in the early 1990s when his company was bought by Bain.

Iowa's caucuses do not have an especially good record of predicting Republican nominees. But the result here could be an indicator of whether Mr. Romney, a former governor of Massachusetts, is succeeding in rallying conservatives behind him or whether he faces months of

It isn't true that when you read the Greek text you are living dull and deathless, and there are many Greek HAITS (plural), rather than just one?

10 Before the first new translation was published in 1881 (the RV), the King James Bible was published, it cached, and its gift it would on the world. God blessed these efforts and hundreds of millions were saved. Today with the daily flow translations and a market, we yearn and pray being saved. The grass withers a and flower. Who has gained the most from of a new versions, Cult or Satan?

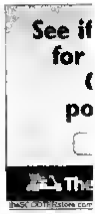
Peritoneal Dialysis Catheter Care



WHAT YOU SHOULD KNOW

- Continuous ambulatory peritoneal dialysis (CAPD) is used to remove wastes, chemicals, and extra fluid from your body. The peritoneum is a thin lining on the inside of your abdomen. During CAPD, a liquid called dialysate is put into your abdomen. It is put in through a CAPD catheter. The catheter is a tube that goes from the outside, to the inside of your abdomen. The dialysate pulls wastes and substances from your blood and lymph fluid through the peritoneum. The wastes mix with the dialysate. The peritoneum works like a filter as the wastes are pulled through it.

- The dialysate is left in your abdomen for 3 to 5 hours. This is called the dwell time. After the dwell time, the dialysate is drained out through the catheter. Filling and emptying your abdomen with dialysate is called an exchange. CAPD exchanges can decrease or take away problems such as swelling, itching, fatigue, and weakness. CAPD can help decrease high blood pressure, and make you feel more like doing the things you enjoy.

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the Printable Version link on the top right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE:

Whenever troubleshooting a fax issue, it is good practice to set the **Automatic Reports** option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product *User's Guide* for specific steps.

1. Send a one page black and white test Fax to **1-888-Hpfaxtest (1-888-473-2938)**.
2. When your Fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE:

The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains all 10 digits, including area code, for your phone number, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Validity of the Analytical Writing Measure

Because the Kuncel et al. meta-analysis was conducted before the Analytical Writing (AW) measure was introduced into the GRE General Test, it may be useful to include validity information for this measure. The two tasks that compose the AW are both considered essential in many fields of graduate study. These two tasks are complementary in that the first requires the writer to construct his/her own argument about an issue, and the second requires a critique of someone else's argument by assessing its claims. Fortunately, AW adds value to the GRE General Test because it provides unique information about test-taker abilities over and above those measured in the Verbal and Quantitative measures.

Demonstrating the construct validity of the writing measure can be done by showing how AW correlates with other measures. It is beneficial to present data. As an illustration, AW correlates positively with other samples of academic writing produced by examinees[1] as shown in the figure below. Examinees in this study were asked to provide two writing samples, one representing their typical written work and one not-at-all-typical, as well as their

This graph shows that there is a strong positive relationship between the GRE essay scores and both of the writing samples from examinees. It should be noted that the AW correlates .458. These other indicators of writing skill more closely than does the personal statement that many students submit with their applications.[2]

Furthermore, data indicate that AW has a low correlation (.23) with the quantitative measure and a moderate correlation (.60) with the verbal measure – a finding that is consistent with the structure and intent of these measures. Thus, AW is providing unique and valuable information beyond the multiple-choice GRE General Test measures.

Summary

Because faculty want to make the best possible admissions decisions about graduate school applicants, it is important to look objectively at the predictive value of the GRE General Test. The Kuncel et al. study used all existing data to arrive at this study's conclusions that the GRE General Test is a valid predictor of many criteria of graduate school success. In addition, other research has demonstrated that the Analytical Writing section of the GRE General Test can provide valuable information about applicants' abilities to produce analytical essays. For these reasons, the GRE General Test is a valuable asset in the graduate admissions process.

LOCATION: Tax lot 5000, T 26 S, R 33 EWM (SW 1/4 Section 26, and NW 1/4 Section 35 This property is located 1/2 mile north of the junction of Lava Bed Road and Sodhouse Lane It has deeded access and the access road is cindered. It is about 14 miles from Crane, OR This property is broker owned.

PROPERTY: The south half of this property was farmed several years ago The owner at that time put it in alfalfa and had an old water drive pivot. That was taken off and current owner flood irrigated about half of that land and raised alfalfa. The north half was cleared this last year The north part of that field had water on it when the lake was high in the late 80's That portion of the field shows the alkali The south pivot will be seeded to alfalfa and oats this spring and the north pivot to grass and oats

IMPROVEMENTS: Sellers purchased two used pivots last year Both are 8 tower Lockwood pivots Both have new sprinkler packages, new end guns and booster pumps, and new Valley alignment The south pivot has a new panel, and the north one will have one this spring The pump is all new or rebuilt The bowls are new, and are set at 65 feet. The motor is rebuilt and is 100 HP The pump has a new service panel The disconnect at the meter is all new and all wiring from the meter to the pump and to the pivots is all new All underground PVC is new The well is 85 feet deep and was tested at 1800 gpm with a 5 foot drawdown from a static level of 14 feet to 19 feet. It is cased for 40 feet and sealed It is setting on rock. The rock was about 30 feet deep, and the water is under the rock

REMARKS: This field is in the first year of development. It needs to be completed by developing the north pivot to get the maximum production. The south pivot can go into alfalfa in 2009 The taxes last year were about $200, but will probably be a little more when they find the pivots on there. The neighbors across the fence are raising some of the best hay in the county

Lord, make me an instrument of thy peace
Where there is hatred, let me sow love,
Where there is injury, pardon,
Where there is doubt, faith,
Where there is despair, hope,
Where there is darkness, light,
Where there is sadness, joy

O divine Master, grant that I may not so much seek
To be consoled as to console,
To be understood as to understand,
To be loved as to love,
For it is in giving that we receive,
It is in pardoning that we are pardoned;
It is in dying to self that we are born to eternal life

Dear Ms. Tom,

This is a follow-up to the letter I had faxed to you in July. It was a pleasure to speak with you and you informed me that Mr. Anderson was on medical leave and to send the letter to you. However, I did not hear from you and felt I needed to follow-up.

As I had stated in the letter, I had written Mr. Anderson via email as a recommendation of David Foster, Business Programs Specialist, Business & Cooperative Programs Rural Development, Las Vegas. David knows of my interest to perform a feasibility study for a preschool/childcare facility on the Tribal reservations. Again, this is the letter I had written to Mr. Anderson.

When I worked at Citibank during 1985 – 2000, many times I had opportunities to visit Citibank in Sioux Falls, South Dakota. During that time I was introduced to the Tribal Indians (it was acceptable to use the connotation). I was able to attend Pow Wows in Rapid City and visited the reservation. I was at awe of the ceremonies and the excellence that went into preparing the celebrations. The singers, the dancers and the spirituality of it reminded me of when I grew up, how we celebrated the gathering of harvest and the kill that family and friends enjoyed. However, when I visited the reservation it was a totally different atmosphere. I saw first-hand what appeared to be suffering and did not understand why. It wasn't until I attended college and studied cultures when I understood the politics behind the suffering and how that had affected the families on the reservations. I also learned the suicide rate for Native American children is extremely high and the high school drop-out rate is highest among all cultures, more than the African Americans. Many of the students are academically capable of graduating but often drop out because their need of self-confidence.

USING THIS FORM

You should use this form only if you

- ✓ Meet one or more of the eligibility criteria for using an SAT fee waiver (See the *2012-13 Fee Waivers for SAT and SAT Subject Tests* guide and online at collegeboard.org/feewaivers.)
- ✓ Are applying for admission to college during the 2013-14 academic year
- ✓ Have taken at least one SAT or SAT Subject Test and paid for the test(s) with a fee waiver, or have taken an SAT that was paid for by your state or district.

NOTE: This form is NOT a fee-waiver card for the waiver of SAT or Subject Test fees. Please do NOT send it to the College Board or submit it with your test registration. Registrations submitted with this card will be returned unprocessed due to invalid payment.

Submit this form with your college application (or send separately, if applying online) after completing it as follows:

1. Fill out the Student Declaration section on the front of this form by signing and indicating the date(s) you tested.
2. Ensure that the person giving you this form has validated it by completing the bottom portion on the front of the form.
3. Check to see that each college to which you are applying is listed in the *Fee-Waiver Directory of Colleges*, which is available online at **collegeboard.org/feewaivers**.
4. Send a completed form with your application to any listed college. Remember that colleges listed in the directory have agreed to *consider* waiving their application fee — you are not guaranteed to have your fee waived.

Georgia's Pre-K Program
Lesson Plan Tips

- The lesson plan format you choose should be simple and flexible. Sample formats can be found on our website at www.decal.ga.gov. You can find them under PreK/Teachers/PQA Resources/Planning.
  If you choose a format from our website, please remember you might need to change the times to meet the schedule you follow in your classroom and that all formats can be manipulated to meet your specific curriculum needs.

- The information contained in the plan should be detailed enough for someone other than yourself or your assistant to follow. This is your only documentation of what you do in your classroom. Include names of books, songs, dances, etc. However the details should be simple enough that you don't spend hours of time during the week completing the lesson plan.

- Lesson plans should be complete before your topic of study with the children begins. It is not okay to do completing plans as your day begins. Planning ahead for the entire topic of study is key to making sure your materials and activities are prepared and ready ahead of time.

- Be flexible! Always plan more so you will be prepared for unexpected down times! It is okay to carry over an activity to the next day. Be prepared to shift gears and follow children's interests.

- Remember, your assessment and your lesson plan should go hand in hand. You have to plan ahead for assessment on most occasions. Of course, work time and outside time are always additional times to record spontaneously. Assessment is hard work. If you aren't planning for it, you will get behind. Think of assessment daily as you begin your day. Ask yourself this question: "What am I going to do today for assessment?" You may have to make notes on your plans as a reminder. Maybe to take your class/small outside to get some physical notes, may need to take your camera to your small group area or to collect a work sample from some area where you have set up an activity during center time. If you are planning for it – you won't get behind!

Items to include in your lesson plan daily (The PQA indicator is noted at the end of each item)

- Include changes to the learning environment and learning centers. Include materials/activities you added related to your current topic or interest and items you may have rotated or changed in a learning area. This should be done as often as your current topic or interest changes. These changes can be recorded on the lesson plan format or a separate form, as pictured on a provided curriculum form, etc. If you are unsure, ask your consultant. A sample form can be found on our website and is titled, "Changes to the Learning Areas" (Item B1 Meets)

- Include documentation of materials that you rotate for developmental reasons and to avoid boredom. This can be documented in your plans or the form mentioned above or you can come up with your own creative way (B3 B4 B5, B6 B7 B8 – Exceeds)

- Multiple (meaning more than one) opportunities for Music with Movement. Include the name of the music with movement activity. (B9 – Partially Meets and Meets)

- Document the props you use for music with movement (B9 – Exceeds)

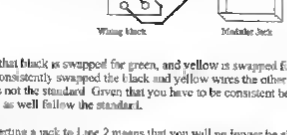
Converting a "Line 1" jack to a "Line 2" jack

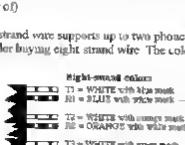


Note that black is swapped for green, and yellow is swapped for red. Of course, it would also work if you consistently swapped the black and yellow wires the other way (black for red, yellow for green) but that is not the standard. Given that you have to be consistent between the two ends of the wire, you might as well follow the standard.

Converting a jack to Line 2 means that you will no longer be able to use it for Line 1. In practice, you'll probably want to install a second wiring block beside the first, and use a short piece of four-strand wire to extend the system from the existing block to the new one. This way, you can have a Line 1 jack right beside the Line 2 jack.

Caveat: It occasionally happens that the red and/or green wires become damaged and unusable, but that the black and yellow wires are intact. Repairpersons have sometimes remedied this by running the one phone line across the black and yellow wires rather than replacing the cabling. If this has happened, you won't be able to run a second line thru the four strand wire. (This is uncommon, but it is a gotcha to be aware of.)

Four-strand wire supports up to two phone lines. If you are installing three or four lines, you might also consider buying eight strand wire. The color coding conventions for this kind of wire are as follows:



Eight-strand colors
Four-strand equivalent
T1 = WHITE with blue mark
R1 = BLUE with white mark
Outer
Red
T2 = WHITE with orange mark
R2 = ORANGE with white mark
Black
Yellow
T3 = WHITE with green mark
R3 = GREEN with white mark
T4 = WHITE with brown mark
R4 = BROWN with white mark

(There's also six-strand wire, which is the same as eight-strand wire with the brown pair left out. This color system actually extends up thru other colors to distinguish 25 different pairs, but even the most techno-geeky of us will probably never have that many phone lines in our homes. If you're interested you can get the details to this system at Phone-Man's Home Page.)

The conventions for eight-strand wire are as follows:

- Colored pairs match, e.g. WHITE with blue mark goes with BLUE with white mark for one phone line, etc.

IMPORTANT TERMS – PLEASE READ THIS

1. **DISPUTE RESOLUTION BY BINDING ARBITRATION.**

1.1 Summary of Arbitration Agreement. Please read this carefully. It affects your rights.
Most customer concerns can be resolved quickly and to the customer's satisfaction by calling our customer service department at 1-800-331-0500. **In the unlikely event that AT&T's customer service department is unable to resolve a complaint you may have to your satisfaction (or if AT&T has not been able to resolve a dispute it has with you after attempting to do so informally), we each agree to resolve those disputes through binding arbitration or small claims court instead of in courts of general jurisdiction.** Arbitration is resolution before a neutral arbitrator instead of in a court by a judge or jury, allows for more limited discovery than in court, and is subject to very limited review by courts. Arbitrators can award the same damages and relief that a court can award. **Any arbitration under this Agreement will take place on an individual basis; class arbitrations and class action are are not permitted.** In any non-frivolous claim that does not exceed $75,000, AT&T will pay all costs of the arbitration. Moreover, in arbitration you are entitled to recover attorneys' fees from AT&T to at least the same amount as you would be in court.
In addition, under certain circumstances (as explained below), AT&T will pay you more than the amount of the arbitrator's award and will pay your attorney's (if any) twice his or her reasonable attorneys' fees if the arbitrator awards you an amount that is greater than what AT&T has offered you to settle the dispute.

1.2 Arbitration Agreement.
(1) AT&T and you agree to arbitrate all disputes and claims between us. This agreement to arbitrate is intended to be broadly interpreted. It includes but is not limited to:

- claims arising out of or relating to any aspect of the relationship between us whether based in contract, tort, statute, fraud, misrepresentation or any other legal theory;
- claims that arose before this or any prior Agreement (including, but not limited to, claims relating to advertising);
- claims that may arise after the termination of this Agreement.

References to "AT&T," "you," and "us" include our respective subsidiaries, affiliates, agents, employees, predecessors in interest, successors, and assigns, as well as all authorized or unauthorized users or beneficiaries of services or devices under this or prior Agreements between us. Notwithstanding the foregoing, either party may bring an individual action in small claims court. This arbitration agreement does not preclude you from bringing issues to the attention of federal, state or local agencies, including, for example, the Federal Communications Commission. Such agencies can, if the law allows, seek relief against us on your behalf. **You agree that, by entering into this Agreement, you and AT&T are each waiving the right to a trial by jury or to participate in a class action.** This Agreement evidences a transaction in interstate commerce and thus the Federal Arbitration Act governs the interpretation and enforcement of this provision. This arbitration provision shall survive termination of this Agreement.
(2) A party who intends to seek arbitration must first send to the other, by certified mail, a written Notice of Dispute ("Notice"). The Notice to AT&T should be addressed to: Office for Dispute Resolution, AT&T, 1025 Lenox Park Blvd., Atlanta, GA 30319 ("Notice Address"). The Notice must (a) describe the nature and basis of the claim or dispute; and (b) set forth the specific relief sought ("Demand"). If AT&T and you do not reach an agreement to resolve the claim within 30 days after the Notice is received, you or AT&T may commence an arbitration proceeding. During the arbitration, the amount of any settlement offer made by AT&T or you shall not be disclosed to the arbitrator until after the arbitrator determines the amount, if any, to which you or AT&T is entitled. You may download or copy a form Notice and a form to initiate arbitration at att.com/arbitration-forms.
(3) After AT&T receives notice at the Notice Address that you have complied with all of the requirements for filing a claim, AT&T will promptly reimburse you for your payment of the filing fee, unless your claim is for greater than $75,000. (The filing fee currently is $200 for claims under $10,000, but is subject to change by the arbitration provider. If you are unable to pay this fee, AT&T will pay it directly upon receiving a written request at the Notice Address.) The arbitration will be governed by the Commercial Arbitration Rules and Supplementary Procedures of the American Arbitration Association ("AAA"), as modified by this agreement, and will be administered by the AAA. The AAA rules are available online at adr.org, by calling the AAA at 1-800-778-7879, or by writing to the Notice Address. You may obtain information from a lawyer or non-lawyer about the arbitration process at att.com/arbitration-information. The arbitrator is bound by the terms of this Agreement. All issues are for the arbitrator to decide, except that issues relating to the scope and enforceability of the arbitration provision are for the court to decide. Unless AT&T and you agree otherwise, any arbitration hearings will take place in the county (or parish) of your billing address. If your claim is for $10,000 or less, we agree that you may choose whether the arbitration will be conducted solely on the basis of documents submitted to the arbitrator, through a telephonic hearing, or by an in-person hearing as established by the AAA Rules. If your claim exceeds $10,000, the right to a hearing will be determined by the

EVANSVILLE TEACHERS FEDERAL CREDIT UNION

SPECIAL EDITION

Spring 2014

ETFCU to Convert to a New Processing System on May 31

In order to provide the best possible products and services to our members, Evansville Teachers Federal Credit Union will convert to a new information processing system during the weekend of May 31–June 1. Our staff is working diligently to ensure that the transition to the new system is executed as smoothly as possible. However, the data processing conversion will require a brief service outage over the May 31st weekend, and there will be some changes that will affect most members.

Beginning at 6:00 p.m. CT on Friday, May 30 through approximately 11:59 p.m. on Sunday, June 1, the availability of ETFCU services will be temporarily impacted as follows:

- All ETFCU offices will be closed on Saturday, May 31.
- Members will not be able to access their ETFCU account(s) via online banking, mobile banking, ExpressLine, touch-tone banking service, or at shared branching locations.
- ETFCU debit and ATM cards will be functional. However, merchant transactions and cash requests will be authorized based on your account balance from late Friday, May 30. Credit cards will not be affected.

Beginning in July, ETFCU will present a new and more-informative account statement format.

Please mark your calendars now; ETFCU will convert to our new data processing system

May 31–June 1, 2014.

Look for more information in the coming weeks.

What You Need to Do

Due to our upcoming data processing conversion, the credit union will communicate several key pieces of information over the next several months to ensure the easiest possible transition for you. We ask that you do the following:

Make sure we have your current email address. Keeping you informed is our top priority. Therefore, we ask that you provide us with an email address so that we may contact you. If you are an online banking user, you can update your email address in the My Settings area found in the upper right section of the main screen. Otherwise, please confirm your current email address the next time you call or visit.

Make sure your personal information is up-to-date. The next time you call or visit the credit union, please verify that we have your correct name, address, and phone number. If you have multiple member numbers, confirm this information is correct on each.

Be alert for future ETFCU communications. Look for updates and instructions in the mail and by email. Also, periodically visit www.etfcu.org for updates. Should you have questions about any of the information, simply contact our call center or ask any ETFCU employee upon your next visit to your nearest branch.

Ultimately, the system upgrade will improve the efficiency of your financial institution and enable us to provide future service enhancements to benefit you. We appreciate your patience with any short-term inconvenience as we upgrade our data system to offer you a better banking experience for years to come.

When I despair,
I remember that all
through history the
ways of truth and
love have always won.

There have been tyrants,
and murderers, and for
a time they can seem
invincible, but in the
end they always fall.

Think of it– always.

The unanimous Declaration of the thirteen united States of America

When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature & of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

IMPORTANT INFORMATION ABOUT THE LIFELINE PROGRAM: Assurance Wireless is a Lifeline supported service. Lifeline is a federal benefit and only eligible subscribers may enroll. Customers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be disqualified from the program. One Lifeline-supported service is available per household. A household is defined as individuals who live together at the same address and share income and expenses. A household is not permitted to receive Lifeline benefits from multiple providers. If a member of the same household receives a duplicate Lifeline benefit, they must choose from which provider they receive the benefit. Only one Lifeline benefit is available per household. Violation of these rules will result in the customer being de-enrolled from the Lifeline program. Lifeline is a government assistance program and is non-transferable. Only eligible consumers may enroll in the program. Consumers must provide documentation to prove eligibility for the program. Consumers receiving Lifeline service must notify their service provider within 30 days if they no longer meet the eligibility requirements for the service, if they are receiving Lifeline benefits from more than one provider, or if they share a residential address with another Lifeline customer. Consumers must recertify their eligibility annually. Consumers who fail to recertify will be de-enrolled from the program. Consumers may only receive Lifeline benefits on one wireless device. Consumers must answer all questions on the application truthfully. Consumers may be asked to provide documentation to verify the information provided on the application. Consumers must notify their service provider within 30 days if they change their residential address. Consumers may be asked to verify their continued eligibility for the program at any time. Consumers who fail to respond to requests for recertification or verification will be de-enrolled from the program. Consumers may only transfer their benefit to another provider once every 60 days. Consumers must report any household changes to their service provider within 30 days. Consumers must notify their service provider if they or anyone in their household is receiving Lifeline service from another provider. Consumers must not dispose of their device in order to receive a new device at no charge from their service provider. Consumers must not accept a device from their service provider if they already have received one from another provider. Consumers must not resell their device or service. Consumers must not receive reimbursement for their device or service. Consumers must not receive any other benefit in exchange for their device or service. Consumers must not receive any other benefit in exchange for their enrollment in the program. Consumers must not receive any other benefit in exchange for their recertification in the program. Consumers must not receive any other benefit in exchange for their verification in the program. Consumers must not receive any other benefit in exchange for their transfer of their benefit to another provider. Consumers must not receive any other benefit in exchange for their notification of their change of address. Consumers must not receive any other benefit in exchange for their notification of their change of household. Consumers must not receive any other benefit in exchange for their notification of their change of eligibility. Consumers must not receive any other benefit in exchange for their notification of their change of service. Consumers must not receive any other benefit in exchange for their notification of their change of device. Consumers must not receive any other benefit in exchange for their notification of their change of address. Consumers must not receive any other benefit in exchange for their notification of their change of household. Consumers must not receive any other benefit in exchange for their notification of their change of eligibility. Consumers must not receive any other benefit in exchange for their notification of their change of service. Consumers must not receive any other benefit in exchange for their notification of their change of device.

4 SIGNATURE

By signing below I certify under penalty of perjury that the information contained within this Application is true and correct to the best of my knowledge.

— Select one in a qualifying federal Program or meet the income qualifications to establish eligibility for Lifeline. If proof of eligibility is required, I have provided the required documentation as listed in Section 2.

If I have provided a temporary address, I must notify Assurance Wireless within 30 days of any change of address. Assurance Wireless will attempt to verify every 90 days that I continue to reside at that address. If I do not respond to these address verification attempts within 30 days, I will be de-enrolled.

I will inform Assurance Wireless within 30 days of the following, and may be subject to penalties if I fail to do so:

I have a new address
I no longer participate in a Lifeline qualifying Program or my annual household income exceeds 135% or the Federal Poverty Guidelines
I believe other than my household is receiving more than one Lifeline benefit
For any other reason, I no longer meet the criteria for Federal Lifeline eligibility

I authorize Assurance Wireless or its agent to provide any records (including financial records) required to verify my statements herein and to confirm my eligibility for Assurance Wireless service. I authorize state or federal agency representatives to release such, and/or provide information to, Assurance Wireless verifying my participation in public assistance Programs that qualify me for Assurance Wireless service.

I authorize Assurance Wireless to provide access to or release any records required for the administration of Assurance Wireless service.

I understand that the completion of this application does not constitute and enrollment for Assurance Wireless service.

I acknowledge that providing false or fraudulent information to receive Lifeline benefits is punishable by law.

You MUST place a check mark (✓) next to all 3 statements, then sign and date below.

☐ 1. I certify that my household will receive only one Lifeline Assistance benefit, whether or wireless. To the best of my knowledge, my household is not already receiving such a benefit, or I will currently receive a Lifeline discount from a different phone service provider. I consent to the transfer of my Lifeline benefit to Assurance Wireless and understand that once the transfer is complete I will lose my Lifeline plan benefits with my current phone service provider. **AND**

☐ 2. I understand that I may be required to re-certify continued eligibility for Lifeline at any time. Failure to do so will result in the termination of my Lifeline benefit. **AND**

☐ 3. I consent to have my personal identification information shared with the Universal Service Administrative Company (USAC) give Lifeline Program administrators access to the information for the purpose of confirming that neither I nor my household receives more than one Lifeline benefit.

YOUR APPLICATION CANNOT BE APPROVED WITHOUT 3 CHECK MARKS AND YOUR SIGNATURE.

STOP

- Have you provided your Date of Birth and your last 4 digits of SSN?
- Have you attached proof of eligibility? (if required)
- Have you checked all 3 statements above and signed the Application?

Your Application cannot be approved without these items.

HELLO FROM CHICAGO, IL

Test Fax

The EEOC uses a variety of strategies to target employers in its systemic program. One of the most common is transforming a single charge of discrimination into a systemic investigation.

For example, the EEOC can take a case in which a female employee alleges that she is paid less than a male co-worker in the same position and turn it into a systemic investigation of nationwide pay practices in order to determine whether there is a pattern and practice of paying females less than males. To do this, the EEOC seeks data about a company as a whole or makes nationwide requests for such information.

The EEOC has also begun partnering with other agencies, such as the Department of Labor and the Office of Federal Contract Compliance Programs (http://www.dol.gov/ofcp/), to share information and obtain data that could be used to support a systemic investigation.

By using these strategies, the EEOC's systemic program targets employers that may not realize that a single charge of discrimination or a release of data to other government agencies has left them vulnerable to a large, companywide investigation.

Suspect Practices

According to the EEOC, there are a variety of practices that the systemic program seeks to investigate and eliminate. These include alleged

- Discriminatory barriers in recruitment and hiring.
- Discriminatorily restricted access to management trainee programs and executive positions.
- Exclusion of qualified women from traditionally male-dominated work.
- Disability discrimination in the form of unlawful pre-employment inquiries.
- Age discrimination in reductions-in-force and retirement benefits.
- Compliance with customer preferences that result in discriminatory placement or assignments.

There has been an increased focus on the following types of cases:

Leave policies and possible disability discrimination. The EEOC has been launching systemic investigations into whether leave-of-absence policies take into account leave modifications for employees who may need reasonable accommodations while on leave. In these cases, it is common for the agency to look at the uniform application of leave policies to make the case that such a policy could have a disparate impact on individuals with disabilities. The EEOC often launches leave-policy investigations from single charges.

Hiring practices. This has been a hot topic for the EEOC since the inception of the systemic program. In these investigations, the EEOC determines whether protected groups may be underrepresented in certain job categories. It usually relies heavily on data collected during investigations and on reports, such as EEO-1 reports, provided by the company.

Application for a SSA-827

Author action to file information to the Social Security Administration (SSA)[1]

We need you to provide your written authorization to help get the medical records and other information we need to process your claim and to check on your eligibility or continuing eligibility for benefits. Laws and court decisions require that sources of personal information, such as doctors, hospitals, employers, and schools, release information to us before obtaining it from these sources. However, we will not release information we receive to you or to anyone else without your written consent.

You can use this authorization by signing a form SSA-827. Federal law permits us to use it only as you authorize. You may refuse to sign it. However, if you do not sign this authorization form, we may not be able to obtain the information we need to process your claim. Also, if you sign this authorization form, you may revoke it at any time except to the extent we have already relied on it. To revoke your authorization, you must notify us in writing. You may write to us, or you may visit any Social Security office. If you revoke your authorization, we will not use or disclose any information we obtained from others using your authorization. However, we may use and disclose information we obtained before you revoked your authorization if we need to in order to complete processing your claim or to comply with other laws.

If SSA is going to provide services to you, you have the right to request restrictions on the uses and disclosures of your medical records and other personal information we receive concerning your claim. See 45 C.F.R. § 164.522(a)(1)(i). However, we are not required to agree to your request. If we do not agree to your requested restriction, we will inform you of our decision. Even if we agree to your request, we may use or disclose your medical records and other personal information if necessary to protect public health and safety or to comply with law. In addition, we may use or disclose your medical records and other personal information without your authorization for certain health oversight activities, judicial and administrative proceedings, and law enforcement purposes. We may also release information about you to coroners or medical examiners and to funeral directors when necessary to carry out their duties. We may use or disclose your medical records and other personal information in the event of an emergency affecting your health or safety. In other circumstances, we must ask for your written permission before we release any information about you.

Privacy Act Statement
Collection and Use of Personal Information

Sections 205(a), 223(d)(5)(A), 1614(a)(3)(H)(i), 1631(e)(1)(B), and 1631(f) of the Social Security Act, as amended, 42 U.S.C. 405(a), 423(d)(5)(A), 1382c(a)(3)(H)(i), 1383(e)(1)(B), and 1383(f), and 20 CFR 404.1512(a) authorize us to collect this information. We will use the information you provide on this form to determine your eligibility for benefits, or benefit amount, and possibly manage or conduct research. We may use your information to verify your identity, or to determine eligibility, amount of benefits, or the need to change your current benefits. We may also use your information to comply with applicable laws regarding the exchange of such information with other agencies.

We may also share your information with other persons or organizations outside Social Security when it is necessary and permitted by law. We may share your information if we have a contract with another organization for the purpose of performing a service for us. If we do, we require the organization to protect your information and use it only for the purpose we specify in our contract with them. We may also share your information with the Department of Justice (DOJ), a court, or other tribunal when:

- Social Security, any component of it, or any employee of Social Security when he or she is acting officially or when DOJ (or Social Security when it is authorized to do so) has an interest in the litigation;
- Any party or entity before a court or other tribunal when we are required or authorized to do so by law or regulation, and we determine that the use of your information is relevant and necessary to the litigation;
- Any individual or organization when we believe there is a possibility of fraud, compromise, misappropriation, or improper use of personal information, and we determine that the use of your information is relevant and necessary to the matter;
- Another Federal agency or to an instrumentality of any government jurisdiction within or under the control of the United States (including any state or local government agency) when needed to assist in administering a cash or noncash income maintenance or health maintenance program if that program is identified by a routine use published in the Federal Register; and
- Federal, State, and local law enforcement agencies and private security contractors, as appropriate, if information is needed to investigate or prosecute fraud or abuse against Social Security or the Federal, State, or local government.

We may also share your information with the Department of Veterans Affairs (DVA), Veterans Service Organizations, Department of Labor, and Defense contractors pursuant to agreements with us for the purpose of assisting in the administration of our programs and those of DVA.

We will use the information you provide on this form and may share it with other persons or organizations as described above to process your request for benefits. We may also use or share your information for research and statistical projects. These projects must relate to the administration of our programs, or those of DVA, or to the evaluation of benefits under those programs. Information we use for these projects cannot be used to make decisions affecting your rights, benefits, or privileges. Brother Color Laser Printer Tips:

To maximize the cartridges do the following when the printer says it is out of toner

Step 1) Open front cover to expose printer cartridges and press #1 on the number keys
Step 2) Scroll down to find and select the appropriate toner cartridge to reset

K TNR-STD (Standard Capacity)
K TNR-HC (High Capacity)
K TNR-S HC (Unknown)
C TNR-STD (Standard Capacity)
C TNR-HC (High Capacity)

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I d like to test it, just to make sure it works How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it Here s how to do both

To test the send functionality of your fax machine send a one-page fax to 1-888-877 1655 (a toll-free number in the United States) When it s finished transmitting point your web browser to Fax Toy — It s a fun web site that displays whatever is faxed to that number Within a minute your fax should appear on the site Click the thumbnail to see a large vers on

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada Within a few m nutes your fax machine should ring — hopefully it will automatically answer and spit out the test fax

This is an experimental procedure It might work, but the bad news is that brains are very expensive and you will have to pay the costs yourselves.

'Well, how much does a brain cost? asked the relatives. 'For a male brain, $500,000. For a female brain $200,000

Some of the younger male relatives tried to look shocked but all the men nodded in understanding, and a few actually smirked Then the patient's daughter asked, 'Why the difference in price between male brains and female brains?'

A standard pricing practice said the head of the team "women's brains have to be marked down because they're used"

I was working out in the gym the other day when I spotted a sweet young thing. I asked the trainer "What machine in here should I use to impress that sweet thing over there?"
The trainer looked me up and down and said, "I would try the ATM in the lobby."

The average figure costs for the experiment runs. 15 1 and 5 percent. The percentage errors in averaged over six images of size 321 × 481. Bold numbers for best error and time in each row.

Fig. 4. Examples of segmentations computed by our OR and our method. The LR results for each class are not shown here. The size of the image is 321 × 321.

Recall that our method runs by calling the oracle and solving the LP in (12) at each iteration. Since we consider the pixel grid graph, the oracle call, which involves minimizing a submodular pseudo-boolean function in using the graph cut algorithm, takes very little time. The number of variables used in the LP in (12) for our approach is small. Furthermore, for all constraint combinations in Table 2, the final number of active cuts does not exceed 10 (average 27 out of 1176 making the number of constraints of the LP small. The small size of the LP enables our method to run much faster than LR, which has to solve relative y large max programming problems.

The results of our experiments comparing the computational complexity of the three methods (ours, LR, QR) are shown in Fig. 5. We used four 1 0 0 (24 images, and each image was scaled down to eight small images of size $\frac{1}{2} \times \frac{1}{2}$, $\frac{1}{4} \times \frac{1}{4}$, $\frac{1}{8} \times \frac{1}{8}$, $\frac{1}{16} \times \frac{1}{16}$. Each dot in the plot denotes the average running time of the specified method over four images having the same size specified on the x axis value. It can be seen that our method is significantly faster than the state-of-the-art LR and QR based approaches. Fig. 5 shows segmentation results yielded by our method for four original images of size 1 214 1 124.

Table 3 shows how solutions by the three methods mainly given in section 6. Here we used two measures FR_{ub} and ER_{ub}. FR_{ub} denotes the percentage of a constraints that are unsatisfied. For instance, if the size and variance constraints are considered and one of them is not satisfied then FR_{ub} is restored to 0 0 FR_{ub} represents the deviation of the computed values from the inequality gap, thus providing a measure of the degree of satisfaction. For instance, let the inequality gap for Scribe is 0 and the size of a computed solution be . ER_{ub} is then counted by using for 0 / (n + 0/5) If 0 is 0 and counted by if n + 0 0. We observed that solutions computed by these methods satisfy the constraints or are very close to the constraints gap in general.

Fig. 8. Examples of segmentations by our method. Each original image has a size of 1 0 0 × 1 0 0.

7 Discussion and Conclusions

We have proposed a novel approach to constrained energy minimization. Our method is efficient and can handle a very large class of constraints including those that enforce soft under statistics, which cannot be achieved by using previously proposed methods since they usually requires the convexity of the problem [16] [18] [28]. To handle such general under constraints, the auxiliary length constraint in our paper, we use a restricted search region in which the dual is computable. In our cases, the dual maximum is always found in that restricted search region which means that it does not affect the accuracy of our method. Although our approach can be used with various submodular based methods [14] [26], it would require repeated solutions of the related problem to find

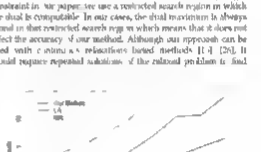

Fig. 5. Comparison of scalability between our method and two relaxation based methods.

An Analysis of the Impact of CareCredit® on Patients' Use of Dental Services

Executive Summary

Having a CareCredit patient financing option available can help dental practices attract new patients and increase the number of visits and services accepted by existing patients. Equally important, households that opened a CareCredit account, the increased level of dental services was sustained. The intervention was validated and approved by the Academy of Dental CPAs (www.ADCPA.org) was obtained from analysis of data of more than 1 million households across a 6-year period, examining how dental patients in the U.S. use dental services over time.

Key Findings

In the year in which the account is opened CareCredit account holding households

- Make 66% more dental visits
- Accept 282% more dental services (as measured in dollar value)

In the four years after the account is opened CareCredit account holding households on average

- Make 25% more dental visits per year
- Accepted 44% more dental services per year

Number of Visits per Household	**+62%**	**+25%**
Amount of Dental Services Accepted	**+282%**	**+44%**

Specifically, in a certain year, a group of 1,000 households that opened a CareCredit account would potentially make 2,300 visits on average and spend approximately $2.3 million more in that year than a group of 1,000 non-account holding households. Furthermore, in any given year afterward, the same group of CareCredit account holders would make 900 more visits and spend $382,000 more than 1,000 of their non-account holding counterparts.

These findings help demonstrate how CareCredit can help dental practices grow by driving greater patient production and more appointments scheduled.

For more information, the ADCPA organization, please visit www.adcpa.org. Founded in 1963, the Academy of Dental CPAs, ADCPA, now serves over 7,000 dentists nationwide.

Our members help dental practices of every size, specialty, and geographic area, in more than 25,000 practices nationwide, helping more than 6 million patients get the care they need.

Hi Brad

I couldn't help noticing how all the best Marxist analyses are always analyses of a failure. Like: why did Paris Commune go wrong? Trotskyites. Why did the October Revolution go wrong? And so on. OK, we screwed it up, but we can give the best theory why it had to happen."

Gooey Cinnamon Monkey Bread

ingredients

- 1 small pkg **cook & serve** Butterscotch Pudding (NOT instant)
- 1 c brown sugar
- 1 T cinnamon
- 1/2 c melted butter
- 1/2 c chopped pecans (optional)
- 24 frozen white Rhodes dinner rolls

directions

- 1

  Night before: Spray bundt pan. Put rolls in pan. Mix dry ingredients and sprinkle over frozen rolls. Pour melted butter over top. Spray a sheet of plastic wrap and cover pan. Set bundt pan on top of a baking sheet. Let rise overnight

- 2

  Morning: Remove plastic wrap. Preheat oven to 350. Bake 30-35 minutes on baking sheet. You may have to lightly cover the top with aluminum foil for the last 15 minutes or so if they're browning too quickly. Let sit for about 10 minutes then dump onto your serving plate. Enjoy!

سری دوم تمرین‌های طراحی الگوریتم‌ها

۱. فرض کنید یک درخت دودویی کامل با ارتفاع h و $n=2^h$ گره برگ داریم. هر گره درخت نیز دارای یک مقدار می باشد. تعریف می‌کنیم:

- اگر گره x گره برگ نباشد، $A(x)$ برابر است با مجموعه شامل x و تمام اجداد x تا ریشه درخت (تا ریشه درخت)
- اگر x و y دو گره برگ مجزا باشند، $A(x,y)$ برابر است با اجتماع $A(x)$ و $A(y)$، یعنی $A(x) \cup A(y) = A(x,y)$ و $F(x,y)$ را حاصل جمع عناصر $A(x,y)$ تعریف می‌کنیم

الف) الگوریتمی ارائه کنید (با استفاده از سه کد یا توصیف فارسی) که برای یک درخت دودویی کامل، دو گره برگ x^*,y^* را پیدا کند بطوریکه مقدار $F(x^*, y^*)$ ماکزیمم گردد و سپس مقدار $F(x^*, y^*)$ را بعنوان خروجی برگرداند.

ب) مرحله زمانی الگوریتم ارائه شده را تعیین کنید.

<u>برچه الگوریتم ارائه شده باید مبتنی بر روش تقسیم و حل باشد.</u>

مثال: برای درخت زیر، گره های X^* و Y^* مشخص شده‌اند و خروجی الگوریتم برابر ۱۴۱ است زیرا

$A(x^*) = \{ 19, 15, 21, 36 \}$
$A(y^*) = \{ 20, 30, 21, 36 \}$
$A(x^*, y^*) = \{ 19, 15, 21, 36, 20, 30 \}$
$F(x^*, y^*) = 19 + 15 + 21 + 36 + 20 + 30 = 141$

۲. (تغییر الگوریتم مرتب‌سازی ادغامی) الگوریتمی بنویسید که برای مرتب کردن یک آرایه n عنصری ابتدا آن را به ۳ قسمت با طول $n/3$ عنصر تقسیم کرده سپس هر قسمت را به همین روش مرتب کرده و سپس ۳ قسمه

Why We are against the CVS/Chase move to downtown Sebastopol

Parking lot egress and delivery trucks from a large CVS retailer plus the two additional drive throughs at the Hwy 12/116 intersection will worsen the already gridlocked traffic in downtown Sebastopol.

Within a three block radius of the proposed Chase building at the Hwy 12/116 intersection there is already

- A US Bank
- A Bank of Sonoma
- A Bank of the West
- A Westamerica Bank
- A Community Credit Union (across the street)
- A Bank of America (w/ drive through)
- A CitiBank (w/ drive through)
- A Wells Fargo (w/ drive through)
- A Westamerica annex (w/ drive through across the street)

Within a three block radius of the proposed CVS Pharmacy at the 12/116 intersection there is already a Rite Aid Pharmacy and the Safeway Pharmacy

There has been no comprehensive Environmental Impact Report done on the CVS/Chase proposal. They were granted a waiver of the EIR even though the traffic study did not include the Barlow Project. This waiver is currently being challenged in court.

CVS and Armstrong Development continue to push for the move and have refused to meaningfully address community concerns about congestion, or the overall design of these buildings, even in the face of clear broad community opposition to the construction of a mall in the middle of Sebastopol.

The placement of a big box retailer in the center of any small town inevitably hurts local merchants.

Please join us in urging CVS/Chase to drop their lawsuit against the City of Sebastopol and remaining in their current location. Please consider joining our boycott of CVS/Chase until they do.

Thank you

Musculoskeletal Examination (Cont.)

System	Body Elements of Examination Area
Skin	• Inspection and/or palpation of skin and subcutaneous tissue (e.g., scars, rashes, lesions, cafe-au-lait spots, ulcers) in **four of the following six** areas. 1) head and neck; 2) trunk, 3) right upper extremity, 4) left upper extremity; 5) right lower extremity, and 6) left lower extremity NOTE: For the comprehensive level, the examination of all four anatomic areas must be performed and documented. For the three lower levels of examination, each body area is counted separately. For example, inspection and/or palpation of the skin and subcutaneous tissue of two extremities constitutes two elements
Neurological/ Psychiatric	• Test coordination (e.g., finger/nose, heel/ knee/shin, rapid alternating movements in the upper and lower extremities; evaluation of fine motor coordination in young children) • Examination of deep tendon reflexes and/or nerve stretch test with notation of pathological reflexes (e.g. Babinski) • Examination of sensation (e.g., by touch, pin, vibration, proprioception) Brief assessment of mental status including: • Orientation to time, place and person • Mood and affect (e.g., depression, anxiety, agitation)

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Writing Grant Reports

Tell story of what we did during the grant/reporting period

Use what we said before (in proposal or earlier discussion of this) as a guide for what to talk about or address, but include other things we've done on that issue too

If still ongoing, end with what we're doing now

Legislation is important but it's not the only part, include whole package of what we are doing (which often includes issue briefs videos, gathering a coalition etc)

Often helpful to start with a summary of what we did and to what end (and goal) Ie The Bell successfully advocated for the use of multiple tests in Colorado for high school equivalency

Often we have to gather info from several sources and turn it into a single summary

How Can I Test My Fax Machine?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-510-545-9890 (a number in Northern California.) When it's finished transmitting, point your web browser to Fax Toy -- it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero -- this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring -- hopefully | will automatically answer and spit out the test fax.

Your Setup Summary

Based on your answers, a brief description of your environment and how your HP device will be set up

Header Information

Name: Faye
Company:
Location: United States
Modem: No
Shared fax/telephone number: [redacted]
Voice mail: No

* You receive both fax and voice calls at your phone number 7702284156

* You do not have an answering machine that automatically answers and records your calls

* The answer mode on your HP device is set to not automatically answer fax calls

* The HP device will not answer calls. You must be available to answer all calls manually by using an extension phone

* After answering a call, if you hear fax tones, you can receive the fax manually by either pressing the START button on the HP device or by pressing 1 2 3 in sequence on your extension phone. You can hang up the extension phone once the HP device answers.

* Refer to your User Guide for more information on how to manually receive faxes.

* If any of the information above is not correct, click <Back> to move back to any of the questions you would like to answer differently. You can also run the Fax Setup Wizard at any time after completing the software installation by opening the Solution Center and selecting
Settings -> More Fax Settings -> Fax Setup Wizard

Date Issued:	3/9/16

Henry Schein Practice Solutions (HSPS) strongly recommends our valued customers carefully review and resolve any items not in compliance with system requirements. Offices that ensure their hardware, computers, and networking comply with system requirements experience improved performance and reliability from their Dentrix/Easy Dental software and the eServices.

The System Requirements define hardware, network, and operating system attributes key to optimal performance of Dentrix/Easy Dental software and eServices. Failure to comply with all the system requirements may lead to data loss, hardware and network failure, performance issues, loss in productivity, and other adverse impacts to the practice and its patients.

I hereby acknowledge and elect not to ensure my hardware, computers, and networking are in compliance as identified by the System Requirements document.

I do hereby agree and waive any rights to return the Dentrix/Easy Dental software and/or reimbursement related to Dentrix/Easy Dental software and/or eServices based on present and future adverse effects experienced by your practice as they relate to the issues identified due to failure to comply with the System Requirements.

I hereby absolve all claims between myself, and Henry Schein Practice Solutions Inc. (HSPS) and Henry Schein, Inc. (HSI) (collectively, Henry Schein), and hereby release Henry Schein, their representatives, agents, officers, directors, employees, shareholders, partners, parents, subsidiaries, affiliates, predecessors, successors, assignees, and parties in interest, from all present and future issues/claims in connection of electing to not comply with the System Requirements document, and any claims related thereto.

If we do not receive this System Requirements Issue Resolution Waiver completed and signed within five (5) business days of date issued we will recognize that you have elected and completely accept the terms of this agreement to not ensure your hardware, computers, and networking are in compliance with system requirements.

By signing below I understand, agree, and accept this agreement in its entirety.

How to Request a Printout of Unemployment Insurance Benefit Payments

The NYS Department of Labor will provide you with a history of unemployment benefits you received OR a document indicating no record was found if you have not collected Unemployment Benefits. Follow the instructions below to request these records.

To request your own UI records complete the "Authorization of Release of Unemployment Records Form" attached. You must include all the following information

- Your name
- Your social security number
- Your current address
- A description of the specific information you are requesting (benefit payment history)
- The time period for which you received benefits (**Note:** Indicate never for the time period if you have not collected unemployment benefits)
- The name and address of the person the records should be released to. **(The Department of Labor will fax the records directly to your assigned investigator if you provide their name and the fax number)**
- Your request form must contain either your notarized signature or in lieu of a notarized signature, you must provide a copy of your social security card and a copy of your driver's license or equivalent proof of identification containing your signature.

IMPORTANT: Please include your phone number on the authorization form in the event the Department of Labor needs to contact you for additional information

Your request can be mailed or faxed to the Department of Labor

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it Here s how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll free number in the Uni ted States) When it s finished transmitting point your web browser to Fax Toy -- it s a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site Click the thumbnail to see a large version

To test the receive functionality of your fax machine, point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring -- hopefully it will automatically answer and spit out the test fax.

XBOX360

RE: REPLACEMENT OF YOUR X8OX CONSOLE

Dear Xbox Consumer

So that you can get back to playing and enjoying your Xbox quicker we have replaced your Xbox console with a replacement unit.

The replacement unit has a different serial number than your old unit.

We will handle these administrative functions for you.

1. We will perform the warranty registration of the replacement console for you. If you had already registered your old unit, we will cancel the old registration.

2. If you purchased a Microsoft Extended Service Contract, we will establish a new contract to cover the replacement unit and cancel the Microsoft Extended Service Contract for the old unit.

English

If you had purchased an extended service contract through your selling dealer you should notify the service contract carrier of the serial number change.

Please accept our apologies for the inconvenience you have experienced by having to send your Xbox 360 in for repair

It is our goal to provide you with the best gaming and entertainment experience possible, and hope to regain your trust, satisfaction and loyalty
Please accept this complimentary one month Xbox Live membership card to as a gesture of our appreciation of you.

Thank you for your continued support of Microsoft products and services.

Sincerely

Xbox Customer Service

Overall to Daily Use Remember Software Licenses Optimization Solutions

Today's user interface is focused on freely sharing what you have installed to controlling, using and optimizing the software licenses you own while ensuring that you only buy what you need. FlexNet Manager Suite for Enterprises, the only Software License Optimization solution that spans inside your network, helps IT organizations reduce effective cost of maintenance and audit risks, while increasing productivity.

Flexible Licensing Models

FlexNet Manager Suite is available through three delivery models:

On-Premises—the software is controlled and managed by on-page installed IT department within their own datacenter. A perpetual license and use of the purchase software is usually considered a capital expense that can provide a better return on investment over time. Subscription licenses are also available for this deployment and delivery model.

On-Demand—delivered as a subscription in the form of Software as a Service (SaaS) solution. The associated subscription licensing model is typically considered an operating expense. With fewer upfront costs and accelerated deployment of applications, the SaaS model offers the flexibility to quickly respond to changing business needs and allows the customer to leverage the latest technological innovations. The SaaS model is ideal for companies that have limited IT resources or prefer to outsource their IT operations.

Managed Service—FlexNet Manager Suite is also available as a managed service, where FlexNet Manager Suite is hosted and managed by a third party service provider. This model is ideal for companies that have limited IT resources or prefer to outsource their IT operations.

About Flexera Software

Flexera Software is the leading provider of strategic solutions for Application Usage Management, software delivery, compliance, license optimization, asset and entitlement management, and application readiness and interoperability. More than 50,000 customers have relied on our comprehensive solutions from installation and licensing, application and compliance management, software asset and software license optimization to license usage, and ultimately realize positive, long-lasting and ever breakthrough results. Your Columbus Metropolitan Library Card

provides free access to books, information and technology important to your life.

Borrowing Limits & Loan Periods

Borrowing limits reflect the maximum number of items that can be checked out on a single library card at any one time. Loan periods vary depending on the format.

Books, Magazines & Other Print Materials: 50 Items
- Books: 21 days
- Circulating Magazines: 7 days

DVDs, Blu-rays & Videos: 10 Items
- Fiction: 7 days
- Nonfiction: 14 days

Audiobooks & Music: 35 Items
- Audiobooks: 21 days
- Music: 14 days

Reserves*: 37 Items
- In a combination of formats

→ **All Columbus Metropolitan Library items (if eligible) are renewable 10 times unless reserved by someone else**

Returning Your Items

Columbus Metropolitan Library does not charge overdue fines *for* any borrowed materials. If an item is not returned in a timely manner the customer's library card will be blocked from borrowing any additional physical materials. If an item is not returned 35 days past its due date it is noted as lost and the customer will be charged a replacement fee. This fee will be removed if the customer returns the overdue item.

You can renew most library materials online at columbuslibrary.org by accessing *My Account*, by phone at 614-645-2275 or in person at any of our locations.

Welcome to FreeBSD!

Before seeking technical support, please use the following resources:

- Security advisories and updated errata information for all releases are at http://www.FreeBSD.org/releases/ - always consult the ERRATA section for your release prior to its updated frequently

- The Handbook and FAQ documents are at http://www.FreeBSD.org/ and, along with the mailing lists, can be searched by going to http://www.FreeBSD.org/search/. If the doc package has been installed (or fetched via pkg_add -r lang-freebsd-doc, where lang is the 2-letter language code, e.g. en), they are also available formatted in /usr/local/share/doc/freebsd.

If you still have a question or problem, please take the output of `uname -a`, along with any relevant error messages, and email it as a question to the questions@FreeBSD.org mailing list. If you are unfamiliar with FreeBSD's directory layout, please refer to the hier(7) manual page. If you are not familiar with manual pages, type `man man`.

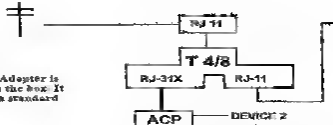
INSTALLATION DIAGRAM

Installing the T 4/8 Adapter



*The T4/8 Adapter is included in the box. It plugs into a standard wall jack.

How the T 4/8 Adapter works with The Future ACP

The ACP MUST be the first device on the telephone line. DO NOT parallel the phone line with the T 4/8

- The incoming call is FIRST routed to the ACP by the T 4/8 adapter (8-Wire Side).
- The ACP *answers, scans* for a fax tone or SAC (security access code) and routes the call to the appropriate port
- If no fax tone or SAC is present, the call is defaulted back to the T 4/8 adapter and out the RJ 11 (4-Wire) side of the adapter

** NOTE The RJ 11 side of the T 4/8 is Device Port 1.
(most typically used for a telephone, KSU or PBX phone system)

Device Port 2 is the designated fax port. However, it can be used as a modem port.

The Razer DeathAdder was released in 2006 and is still to date the world's best selling gaming mouse used by countless pro gamers in the circuit as their de facto gaming mouse For its combination of ergonomics and precision, the Razer DeathAdder has become legend

How did we improve on perfection? Very carefully

We didn't want to fix anything that wasn't broken, and so, we literally didn't change anything We focused instead on enhancing and optimizing the Razer DeathAdder utilizing next generation technologies and further ergonomics tweaks

The Razer DeathAdder's optical sensor was upgraded from 3 5G to the cutting edge 4G Infrared sensor featuring improved performance and precision We also retained the iconic right handed ergonomic shape but enhanced it with built in rubber side grips for better mouse control and grip. Like its predecessor, the Razer DeathAdder will feature Synapse support, for effortless synching of all your settings and profiles automatically from the cloud

The favorite weapon for pro-gamers all over the world just got better, and now, so will your game

Interpage INTERPAGE® NETWORK SERVICES, INC.

Phone +1 (510) 315 2750 • Fax +1 (650) 292 1600 • www.interpage.net

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file; many other file types are supported

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at

Phone +1 (510) 315-2750 9AM to 5.30 PM M-F Pacific Time

E-Mail ins-support@interpage.net

Web http://www.interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personal text messages; only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the form located at *http://www.interpage.net/sub/fax-trial.html*, omitting any billing information, and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is it an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. As long as confirmation may not receive more than two tests in a given week, however, if you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

Congratulations!

Duke Energy has successfully installed your new digital meter(s). You will receive a letter once your meter has been tested and certified operational. Until you receive that notification, we will need access to read the meter to prepare your monthly bill. If you currently read your own meter, please continue to call in your monthly reading. Once certified, the meter will offer you many advantages, including:

- better control over your energy use and costs, with access to near real time usage information that will be available through your Online Services account at **www.duke-energy.com**
- remote meter reading
- fewer estimated bills
- flexible payment and billing options

To learn more about the benefits of the digital smart grid, please visit **www.duke-energy.com/smartgrid**

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I d like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll free number in the United States) When it s finished transmitting, point your web browser to Fax Toy — it s a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

- **Failing to maintain an ongoing relationship** with their distributor who can provide expert service and support.
- **Thinking they can service the machines themselves**, with little or no basic technical training.

Failing to take the time to routinely inspect and clean their equipment according to the recommendations in the product manuals.

Robert Small: Sometimes owners neglect regular cleaning and evaluation of the machines, and the store thinks Marketshop a clean store environment will help with a myriad of avoidable instances that can happen from time to time, such as "black coins" – result of the coin despite not being cleaned on a regular basis. Owners should consult with their distributor to learn the intricacies associated with their equipment.

John Smith: Unfamiliarity with service procedures leads some owners to swap out parts before really knowing what the problem is and what's causing it. They start swapping computers or drain valves, and it may not be any of these items.

Years ago, with mechanical drain washers, whenever a machine wouldn't advance everyone immediately thought it was the timer. Owners were replacing $400 timers, and often it was a blocked drain valve.

What are the most common equipment maintenance problems that laundry owners will typically run across?

Owners Small: Stuck coins, vandalizing buildup around the detergent dispenser, clogged/clogged drain pumps, and buildup around the bottom of the door glass.

The solutions to these common occurrences include: cleaning the coin chute/slot frequently; incorporating signage to remind users of appropriate detergent amounts; wiping down the dispenser and door glass often; and cleaning out the pumps on a regular basis.

Keith York: The most common issue: lint clogged lint screens. The only way to prevent such clogs is to clean the lint screens on a daily basis. Also, it may be best to replace the lint screen when selecting an uneven coverage office decors; this is because when the screen goes out clogged with softeners, wheel restricts airflow.

Drainage is another common maintenance problem, specifically on many older mechanical-base washer-extractors. For example, if the valve was open during the fill process, the machines would continuously fill potentially wasting thousands of gallons of water annually. Additionally, if the drain valve clogs the machine cycles would be extended indefinitely leading to decreased throughput and a potential revenue loss.

Another common issue involves screws in the perforations of dryer cylinders. Owners can detect the issue by listening for a scraping sound while the dryer is operating. To eliminate damage, the screws should be removed immediately. If the issue isn't caught, damage to the dryer cabinet will occur, which absent for atmospheric air to leave the cylinder and mix with the heated air.

Charles Hawkins: Regarding general safety-related maintenance, laundry owners should regularly check door interlocks on their washer-extractors and keep their dryer lint screens clean. Also, within the laundry area, it's important to avoid lint buildup and to mop up any water. After all, a clean and safe laundry sets the proper image for both your customers and employees.

Gary Brown: Clogged drain lines are common. Other than to ensure that drains are properly installed, which includes pitch, pitch and venting, there's little an owner can do to avoid the inevitable clogs that sometimes occur.

Leaking gaskets can lead to more serious failures over the long term. Periodic inspection and cleaning or replacement of dirty and damaged gaskets on both washers and dryers is a simple and cost-fire antidote.

Of course corrosion or staining at exposed painted or stainless surfaces also is common. However, with just a small daily investment of time to clean up spills and to clean the exterior surfaces of new equipment, finished panels can look like new for years.

Dave Xavier: The number-one issue, by far, is lint clogging up everything – followed by broken or worn belts, ignition issues, clogged inlet water screens and home snails in the drain valve.

Nothing is worse than going into a busy weekend with machines down that – with a little forethought – could have been running.

John Smith: To me, the most common problems are lofting or clogged drain valves. These are followed by leaking hoses, defective door locks, jammed coin chutes and worn lint screens.

Drain valves are susceptible to small items customers leave in their pockets. Signage can help by reminding people to empty their pockets.

Of course some items are susceptible to abuse by their customers, based on where they are located – and the maintenance on these items could become intense.

STOCK MARKET TIMING UPDATE **DJIA 17929.99** **S&P 500 2098.86**

The British referendum on European Union (EU) membership resulted in a 52% majority vote for leaving the EU. In order to move this process forward, Britain must implement Article 50 of the Treaty on European Union. Article 50 provides a two-year negotiating period during which Britain will be able to take the steps necessary to leave the EU. The best case scenario would be for the U.K. to negotiate access to the European market in a way similar to the status quo. One path toward this goal would be to adopt the Norway model. Norway is part of the European Economic Area (EEA), but not a member of the EU. Such a plan would require Britain to abide by several EU rules in exchange for favorable access to the European Common Market. Another option, which would be painstaking, would be for the U.K. to negotiate individual trade agreements with the other 27 EU member nations. We expect to see a protracted process of negotiation for Britain going forward.

The Federal Open Market Committee (FOMC) estimate of real gross domestic product (GDP) growth in 2016 currently stands at 1.9% to 2.0%. This estimate rep-

IMPORTANT

We recommend that you put the drum unit and toner cartridge assembly on a piece of disposable paper or cloth in case you accidentally spill or scatter toner.
Handle the toner cartridge carefully. If toner scatters on your hands or clothes, wipe or wash it off with cold water at once.

1. Make sure that the cartridge is turned up. Leave the cartridge for at least 10 cartridges cool down. Open the front cover.
2. Take out the drum unit and toner cartridge assembly.
3. Push down the green lock lever and take the toner cartridge out of the drum unit.

Zen Thinking

1. The journey of a thousand miles begins with a broken fan belt and a leaky tire.

2. Never test the depth of the water with both feet.

3. Give a man a fish and he will eat for a day. Teach him how to fish, and he will sit in a boat and drink beer all day.

4. Some days you're the dog ... and some days you're the hydrant.

5. Don't worry .... it only seems kinky the first time.

At present a request for density output cards in a densitometric computations run yields density cards corresponding to densitometer densities. If the test code used involves E N D conversions, the density output is printed out for the run through a separate conversion program to correspond densities. If the test code used involves corresponding to individual strips are punched, whereas adjusted

I am p[illegible] density card output is requested, plotted densities are pu[illegible] the curve fitting, these would simply be the average densities. If the test code calls for E N D conversion, it would be the E N D densities that are punched out. If the test breaks down, e.g. because of range check failure, we would get cards punched out for individual strips since individuals are plotted in that case.

I would appreciate your comments on this proposal by January 2 1971

A toned stomach is like an amazing Chanel bag. It looks good, feels great and takes a ton of work to get it. Some of us were born with it, and some of us spend our whole lives vying for it. Plus, it's sexy.

We can't give you tips on buying a Chanel bag (other than save, save, save!) but we can tell you the killer moves to get your stomach into shape. Just keep in mind that these exercises alone won't do it. Click here for fat-burning cardio ideas and metabolism-boosters.

"A toned core will help your body age well in the decades to come, so it's crucial to build a strong one early on," says Valerie Orsoni, founder of LeBootCamp.com. "Also," adds Gerralyn Coopersmith, senior national manager at Equinox Fitness Training Institute, "developing a fit core early in life sets you up for amazing posture and a pain-free lower back." How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

CONEXANT

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

If you're sending, try again and/or call to make sure the recipient's fax machine is ready to receive faxes. If you're receiving, contact the initiator and ask them to send the document again.

Lecture 8 Practice Problems

1 Rx Potassium chloride 75 g
Peppermint water q.s 300 mL
Sig. 1 tsp. u.d.

How many mEq of potassium are in each dose of the solution?
(m.w $K^+ = 39$; $Cl^- = 35.5$)

2 The blood concentration of calcium is found to be 20 mg%. Express this concentration as mEq/L. (m.w $Ca^{2+} = 40$)

3 What would be the osmolarity of a 10% solution of magnesium chloride? (m.w $Mg^{2+} = 24$; $Cl^- = 35.5$)

4 How many milligrams of magnesium sulfate should be added to an intravenous solution to provide 5 mEq for Mg^{2+} per liter?
(m.w $Mg^{2+} = 24$; $SO_4^{2-} = 96$)

5 An electrolyte solution contains 222 mg of sodium acetate and 15 mg of magnesium chloride in each 100 mL of solution. Express these concentrations in milliequivalents of Na^+ and Mg^{2+} per liter. (m.w $Na^+ = 23$; acetate = $(C_2H_3O_2)^- = 59$; $Mg^{2+} = 24$; $Cl^- = 35.5$)

6. A patient has a sodium deficit of 168 mEq. How many milliliters of isotonic sodium chloride solution (0.9% w/v) should be administered to replace the deficit? (m.w $Na^+ = 23$; $Cl^- = 35.5$)

7 Calculate the osmolarity of a parenteral solution containing 2 mEq/mL of potassium acetate (m.w $K^+ = 39$; acetate = $(C_2H_3O_2)^- = 59$)

8 How many milliliters of a 10% (w/v) solution of magnesium sulfate will provide 20 mEq of magnesium? (m.w $Mg^{2+} = 24$; $SO_4^{2-} = 96$)

9 You receive an order for an intravenous infusion of an electrolyte solution containing 7 mEq of calcium chloride per milliliter. What is the concentration of this solution in grams per liter? (m.w $Ca^{2+} = 40$; $Cl^- = 35.5$)

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-888-877 1655 or 1 503-200 1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-888-877 1655 (your hand will never notice, maybe) or 1 503 200-1300 (long distance in Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean, folks.

Fax single-page documents with no cover sheet. If you fax more than one page only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but, make no promises that this will actually work.

DOES THIS WORK?

4 Risks of a vaccine reaction

With a vaccine, like any medicine, there is a chance of side effects. These are usually mild and go away on their own.

Problems that could happen after any vaccine:

- People sometimes faint after a medical procedure, including vaccination. Sitting or lying down for about 15 minutes can help prevent fainting, and injuries caused by a fall. Tell your doctor if you feel dizzy, or have vision changes or ringing in the ears.
- Some children get sore, red, or swollen where the shot was given. The arm where a shot was given can also get sore, red, or swollen.
- Severe allergic reactions from a vaccine are very rare, estimated at less than 1 in 1 million doses. Most would usually be within a few minutes to a few hours after the vaccination.

Mild problems following inactivated flu vaccine:

- soreness, redness, or swelling where the shot was given
- fever
- itchiness
- sore, red or watery eyes
- cough
- fatigue
- aches
- headache
- itching
- fatigue

If these problems occur, they usually begin soon after the shot and last 1 or 2 days.

Moderate problems following inactivated flu vaccine:

- Young children who get inactivated flu vaccine and pneumococcal vaccine (PCV13) at the same time may be at increased risk for seizures caused by fever. Ask your doctor for more information. Tell your doctor if a child who is getting flu vaccine has ever had a seizure.

Inactivated flu vaccine does not contain live flu virus, so you cannot get the flu from this vaccine.

As with any medicine, there is a very remote chance of a vaccine causing a serious injury or death.

The safety of vaccines is always being monitored. For more information, visit: www.cdc.gov/vaccinesafety

5 What if there is a serious reaction?

What should I look for?

- Look for anything that concerns you, such as signs of a severe allergic reaction, very high fever, or behavior changes.

Signs of a severe allergic reaction can include hives, swelling of the face and throat, difficulty breathing, a fast heartbeat, dizziness, and weakness. These would usually start a few minutes to a few hours after the vaccination.

What should I do?

- If you think it is a severe allergic reaction or other emergency that can't wait, call 9-1-1 and get the person to the nearest hospital. Otherwise, call your doctor.
- Afterwards, the reaction should be reported to the Vaccine Adverse Event Reporting System (VAERS). Your doctor should file this report, or you can do it yourself through the VAERS web site at www.vaers.hhs.gov, or by calling **1-800-822-7967**.

VAERS does not give medical advice.

6 The National Vaccine Injury Compensation Program

The National Vaccine Injury Compensation Program (VICP) is a federal program that was created to compensate people who may have been injured by certain vaccines.

Persons who believe they may have been injured by a vaccine can learn about the program and about filing a claim by calling **1-800-338-2382** or visiting the VICP website at www.hrsa.gov/vaccinecompensation. There is time limit to file a claim for compensation.

7 How can I learn more?

- Ask your health care provider.
- Call your local or state health department.
- Contact the Centers for Disease Control and Prevention (CDC):
  - Call **1-800-232-4636** (**1-800-CDC-INFO**) or
  - Visit CDC's website at **www.cdc.gov/flu**
